

# TO BE OR NOT TO BE SAVED; THAT IS THE QUESTION

By Koshy Mathew

---

(The following is a part of a message I e-mailed to my colleagues and friends in my company when I retired - about 350 people - please pray for them).

I would really appreciate if you would let me take this opportunity to share a farewell message with you. It is my conviction and constraint of my heart that I should write this unto you. You can accept it or reject it. But either way, I believe it will have an awesome impact on your life and in the life to come. Again, I would appreciate it very much if you would take a moment to read and think about it seriously, if you haven't already. I may never meet you again in this world and so there is some thing which I must tell you right now. It is of so much importance that I would be a cruel monster if I should fail to let you know. It may change your entire future, you may not like it, yet you will never be able to forget it. The message is absolutely true. Look at this way. If you happen to get a huge treasure of immense value, you can't keep quite. You have to tell some one about it.<sup>1</sup> Now enjoy your reading except my language skill.<sup>2</sup>

## Foot Print

**Believe it or not we all leave a unique foot print at our work place or where we live that affects others around us one way or other. I would like you to think of me only one thing, my earnest desire for each one of you is that where ever you are, what ever you do and especially when your time comes to retire, I wish you Well, True Peace and Joy in your heart in spite of the tough world we live in, an assurance<sup>3</sup> that all is well now and beyond. It was Pascal who said, "There is a God-shaped vacuum in every human heart". St. Augustine observed "You have made us, O Lord for yourself, and our heart will find no rest until it rest in you". Get it at all cost and as fast as you can before it is too late (The Chief End of man/woman) and it is a free gift from the Almighty for the asking with a sincere heart<sup>4</sup>. The price was fully paid two thousand years ago on your behalf and mine<sup>5</sup>; because every thing will pass away and all is vanity of vanity and vexation of spirit on this side of life except rejoice in what we do and being content in life<sup>6</sup>.**

## Every Heart's Desire

**"Peace – it is the ever elusive, all consuming desire of every person. It always seems just beyond our reach and an impossible goal in a world gone mad. But this scripture gives a promise for peace that can easily be realised by any one. As we fall in love with His Word, peace will naturally be the by-product"<sup>6a</sup>. True Peace & Joy come only from God. Money can't buy it. "Peace I leave with you, My peace I give unto you..."<sup>7</sup> is the only thing you can take it with you at the end (*remember, there is no pocket in the shroud*) which will place you in good standing in Eternity<sup>8</sup> that can come upon us with out warning. We see it every day. Every year in the United States alone over 40,000 people start out in their cars and never get back from their trips<sup>8a</sup>. Read your newspaper and see for yourself how suddenly and unexpectedly people step out of this life into eternity. "Control of life does not belong to us"<sup>8b</sup>.**

**But to die unexpectedly is not a tragedy unless you die unprepared. Over 60 million souls are thrust into eternity every year world wide <sup>9</sup>. How many are in lost condition?<sup>9a</sup>. “We must face this reality: No self–preservation formula will save us from the final appointment with death. It will come – silently and punctually. We spend our years as a tale that is told <sup>9b</sup>. Death will close the chapter of this life, but will open up the next. People make elaborate retirement plans and even their own funeral arrangements, but tragically, no plans for what lies beyond. The reason ? Most people believe that all will be well when they “ pass on” . *If there is a God, he will not turn me away since I’ve never killed anybody and I’ve always tried to be a decent neighbour*. Sadly, this thinking is not based on fact. Good deeds cannot save a soul”.**

**“A further tragedy of this 21<sup>st</sup> century is that there is every means available today to access the information needed to prepare for the next life, but few bother to look into it. Instead, they choose to remain in a contended ignorance, continue to make plans, accept that they’re going to die some day, but beyond that, it’s all an irrelevant fog. Maybe this sounds like you. Friend, don’t be caught off guard. Face reality. You must prepare now because the clock of your life is unwinding as you read” <sup>9c</sup>.**

**Everybody knows in the back of their mind that they should settle this matter with their Maker who is more than willing to receive any one with open arms <sup>10</sup>. But many wait for a convenient season and miss the boat <sup>10a</sup>. A mistake of astronomical proportion and can never be amended or reversed, an extremely sad but true story in the gospel of Luke <sup>11</sup>. It is a fact and I did n’t mean to preach to you. There is an old saying : “We need to be reminded often than to be taught”. You may say that it is none of my business. Not really. Like it or not, we are our brother’s/sister’s keeper <sup>12</sup> . Certainly, where one is in eternity is everybody’s business. Otherwise how can we call ourselves human beings. You can check this out with the prophet Ezekiel ch. three <sup>13</sup>.**

## **Biology 101**

**The modern thinking and belief system of many people are appalling, destructive and contagious.**

**Frank Peretti, in his speech “ God’s Way or My Way ” has put things in perspective. (Verbatim – well, almost) <sup>13a</sup>. (Radio presentation in front of a live audience of the “Focus on The Family”) - (an excerpt).**

**“There is only 2 Religions in this world, either God is God or man is god. It is also reflection of two attitudes....either you are gonna have an attitude like Jesus Christ had <sup>13b</sup> or you gonna have an attitude like Lucifer has, like Satan has <sup>13c</sup>. That is what it really boils down to....Now, would you please bear in mind that Jesus, who was and is God, humbled Himself and became a man. That was nice for Him to do that considering that most people today are trying to become God, the perfect opposite. See, you got two attitudes there. I don’t want to offend anybody, you know by stepping on your toes or something, but I do hope that even what I say grates against you and rubs you the wrong way ha ha, please prove to the world how open-minded you really are and give me a fair hearing, because I, really do want to share the love of Jesus Christ with you tonight and underline what the truth is. Oh yeah? There really is a truth out there, we will get into that.**

**What is this other attitude? Where does it come from? What is it like? Well, let us go to prophet Isaiah (Ch.14) which talks about the fall of Satan”<sup>14</sup> .**

**“He used to be of course a mighty archangel, he was beautiful, may be even a worship leader of heaven. How are you fallen from heaven – Oh, Morning star, Son of the Dawn. That is where we get the name ‘ Lucifer’ , light bearer, and all that nice stuff.....You have been cast down to the earth ... (*Jesus testified him as falling from heaven as lightning*) <sup>14a</sup>.....You said in your heart, Now before we get into this, when we pray the Lord’s prayer, what do we pray? We say “ Thy kingdom come, Thy will be done” . Good attitude. ...What does Lucifer say: ‘ I will ascend to heaven. I will raise my throne above the stars of God. I will sit in throne on the mount of assembly, that is not high enough, ‘on the utmost height of the sacred mountain, that is not high enough, ‘I will ascend above the top of the cloud, ‘that is still not high enough, where you headed Luci...’I will make myself like the Most High! “ I am gonna be the Head honcho around here, ‘I am gonna be in charge, I am gonna run the show, ‘I am gonna be God, ‘I am gonna make all the rules, create my own reality, have my own way, be the boss. ‘I am gonna be the Head honcho of Heaven.....ha,ha,ha...I imagine he even passed God’s first secretary you know. ‘Ping!’....and down the earth he went. Now he is moping, he is pounding, he is fuming. Stumping around the earth. “Boy, that God, what a sour person He is. Kicks me out of heaven just because I gonna be God. I mean, who does God think He is; God?!? I am gonna get God, I am gonna get Him, gonna get Him”. Of course you can’t get God, ‘cause God isn’t gettable. Ha ha ha! But he is thinking to himself, “I ‘m gonna get Him, there’s gotta be some way to get Him” .**

**“Then he is probably walking around the garden of Eden, you know and he hears this voice: “O Adam, supptime!” Makes his way through the garden, and he looks, aha! He looks upon the apple of God’s eye, the joy of God’s creation, the centre of God’s purpose. He looks upon mankind. Heheh! You seen two, you seen ‘em all! And there they are. “ I have a plan, Yahiya! You know, God, being totally just, had to kick me out of His presence when I rebelled, when I wanted to do my own thing, when I wanted to be God. Heheheh! If I can get mankind to bind to that same life, If I can get mankind to assert himself and try to be God and rebel against God, and be arrogant and be rebellious, God, being perfectly just, will have to kick him out of His presence and kick man out of the garden of Eden, it’s a beautiful plan”. He goes to the closet, he’s got his just right out fit: “Ah, Wolf in Sheep–Clothing, nononononono. Er, False Prophet, nononononono. Angel of light! Nonono, that one neither. Aha! Snake! “ And he gets into his snake suit (zippp) and he wriggles into the garden, gets into the garden there.....” .**

**“Genesis ch. 3, We go now to the conversation between Eve and the serpent, now in progress.... .Now the Serpent was more crafty than any of the wild animals the Lord God had made. He said to the woman “ Did God really say you must not eat from any tree in the garden? <sup>15</sup>. I mean really, Eve, let us be open-minded about this, let us think it through. Did God really say that? How do you know what God really said? I mean after all it has been translated so many times (*Bible*)...It can’t be possibly accurate any more..... Well, Eve, I don’t know, she’d been to Sunday-school or something, said to the serpent: “We may eat fruit from the trees in the garden, but God did say, quote ‘ You must not eat fruit from the tree that is in the middle of the garden and you must not touch it, or you will die’, the serpent said to the woman, “for God knows that when you eat of it your eyes will be opened and you will be like God, knowing good and evil”. In other words: Eve, if you eat**

that fruit your eyes will be opened, you will have an altered higher state of consciousness, you will see things you have never seen before, you'll have truth and reality you've never experienced before. You will be able to make your own universe, call your own shots, make your own rules....decide what is right and wrong, ultimate arbiter of all truth and all morality. Oh, what a package....And she ate the fruit ”.

“It is not the fruit, but their decision on the heart level. “ I wanna go for that!..do my own thing....I want to be God. Who can pass that up? We'll, none of us ever did, you know. It's kind of a...It's called sin, heheh. The Bible says: “ As in Adam all die’ . You know we all inherited that. You probably noticed that as soon as we're born into this world we have one tune on our mind: ME! “ I 'm gonna rise above my high-chair...ascend myself above the rails of my play-pen....take charge around here and be the blessed controller of all things”.

“Humanist will tell you that man is perfect. He is pure. He is born in clean slate. It is only society and poverty, ignorance and social injustice that makes him bad. We all know that....We all have to teach our kids how to be selfish, We have to teach our kids how to be rebellious , you know. ...Son, son, you are obeying me again....listen...It is the basic attitude that we all inherited....It is me - me – me. I want to do what I want to do....Some of us never grow out of that. Instead of growing out of that we turn it into a religion and we spiritualise it and that's what happening obviously in our society today ”.

**“Humanism** is the basic idea that man is the centre and measure of all things. There is no God. Man is the final arbiter of all things. He decides what's wrong and what is right - What is good and what is evil - What is true and what is false. He may have caused some of these problems. But he has within himself the capacity to solve all these problems. There are no absolutes. It's only what man thinks. Ha- ha- ha- sinking into all that idea. Oh, that feels so sweet for a while. You are going along. You are saying : “Haha..There is no God. It is me – it is me, just me- just me...in this universe. Ha- ha- ha...I am all alone in this universe, haha !” Then it begins to sneak upon you. Oh – I am all alone in this universe...then you start to wonder: what am I even doing in this universe! Why am I here, Where am I going? Who c-a-r-e-s?”.

“Oh, we work on that real hard as a society. We raise our kids that way. Kids, welcome to Biology 101. We're gonna learn about bugs and slugs and grass and flowers, and we're gonna cut up frogs, do all kinds of fun things in the class. But the first the foremost, before we learn anything else, kids, the first you need to learn is that you are an accident, hehheh!

You are totally meaningless conglomeration of molecules that came together period by chance, billions and billions of years ago. The dust in the gas in the universe came floating together, finally bumped into each other and said, I know, let us be organic, ok? And that's how it became organic, and that kind of came together and they formed into a gooey thing, little gooey thing – floating in the primordial soup for couple of million years and grew flippers and fins and laid eggs, and crawled upon the land and started furs and feathers and started eating bugs and that sort of things and became bigger creatures and roaring around, and they started walking upright and became a monkey and it became kind of ape, and the ape decided to shave

and it shaved and became what you are today an evolutionist and that's what you really became. And it is kind of from **GOO- TO- YOU- BY- THE- WAY- OF -THE- ZOO**".

"So kids, you are really an accident. You have absolutely no reason to be here. Your life is meaningless with out purpose. Universe couldn't care less that you are here. When you die you are always so much compost. So, class dismissed. OK, head down the hall.... , Now the new class they are starting this week all about self esteem".

**"Our society has a way of shooting itself on the foot some times. We work so hard to take away our kid's ultimate sense of meaning, purpose and values. ... And then we wonder: " How come they have such terrible self-esteem and they are killing themselves and doing the drugs and all this other stuff. " And so they say: "Oh, oh, I know ! It's bad self-esteem, we need to pump 'em up, make them feel good about themselves: 'kids! kids! Listen! Yes, you're an accident, but you are a good accident! Heheh. Think of all the potential you have for, for causing more accidents, I mean. Just do it safely, that's all. But just make sure that.... " Well there is lot more I can say about it, but what we have is an entire generation raised up in a world that has nothing to offer them but despair. Despair: ...I don't have any reason for being here. I am an accident"**.

"Secondly, I am going to find more to myself. There are all kinds of different ways to do it. You can go to India and contemplate your navel and things like that. You can take all the motivational courses at your work place...to get all hidden potential inside me. We only use 10% of our brain any way and if we tap into the untapped 90%---Oh, there is nothing we can't do.....What- man -can- conceive- he- can- achieve which leads to the New Age Occultism. ..We are actually divine...the New Ager will tell you that. Our problem is ignorance....We are all god. We just forgot that we were god. That is some kind of god that forgets that he is god....Now what good that gonna do you remember you are god if you forget it again?. ....We want to get all that human potential that is spiritual".

" When you are getting into heavy New Age stuff you are actually dealing with spiritual beings out there which leads to witchcraft that mess around with demonic spirits. Seeking after power...black magic, white magic, doesn't matter, power over other people, power over your situation, power to manipulate reality, power to be as it were God. ....You do it by Ugi board, crystals, incantations, lighting candles and different things. The spirit comes out and guide you out or manipulate you or use you until you get into bondage where you can't escape and you end up here...and that is what we hear so much today which is Satanism. Well, that is naturally the way we are going. That is what Satan wanted man to do in the beginning, and he comes and say I will help you out, I will give you all the power you need. Here is where man ends up...here is where our young people are ending up".

"We started telling our young people that you are an accident. There are no absolutes, no absolute morals, no one has the right to tell you what to do and what to believe. So go ahead and do what ever you want that is right for you. Rebellion is like the sin of Witchcraft <sup>16</sup>. **It is important for any society to**

**remember this. We as a society decided that we were going to throw out the God whom we ought to trust, we basically signed up for whole lot of trouble as our whole society began to slip down this line. This is Red Flag time<sup>17</sup>. The big religion today of course is man is God. Do your own thing, have your own way. There are 5 doctrines that leads to that conclusion”.**

**1.) “Truth Is Relative”. There is no ultimate truth...We don't want to say any body is wrong. we going to be tolerant....we are all going to get along...nobody really knows what is right and that is right for you. ...Then you going to be a relativist. We are living in a society that is based on opinion and not on ultimate truth. Every one is entitled to their own opinion. That is true. But that does not mean that every body's opinion is as good as every body else's.....It - is - possible - to - be - wrong ”.**

**“A Relativist Believes in 3 things ”**

- a.) Nothing is true.....It is true.!!!**
- b.) Nothing is knowable. You can't know anything for sure.**
- c.) Nothing matters. I don't care what it is.**

**“Think about it. The reason I am raising my kids is, kids, nothing is true and I don't know anything neither are you, neither one of us ever will.... You know, we can make up some thing...go ahead and make up some thing. Your opinion is just as good as mine...So what are you left with, really, ultimately, when you get the end of it, you are left with...(whee)”.**

**“There is a mother on the show says, I don't think I have any right to impose my religious views on my children. I think they should be free to decide for themselves what they going to believe when they grow up. Now just think about it for a minute. Now she did n't. What is she really teaching her kids?. Kids, your mother does n't know anything what is true. I have nothing to give to you, no legacy, no heritage and I know nothing that is for sure. Kids, your momy does n't know anything. You have to make it up for your own. May be you can come up with some thing that makes you feel good in this meaningless, chaotic universe ”.**

**“ Those kids are in big trouble. Are n't they? **When you know the Lord, when you know the Transcendent, Personal, Loving God, you got some thing that you can carry with you and pass it on to your children. Some thing that can be sure off, solid ground that you and they can walk on ”.****

***“Frank Paretti was interviewed by a journalist called Chris about his book “ The Present Darkness” ( she didn't believe it's contents) which talks about spiritual matters...He answered the questions well...He said the perfect answer came two days later. He said to himself..This is the way I should have answered it. “ Chris, There – is – no - way – for – you – to – know – whether – I - am - telling - you – is – Truth – unless – you – know – what - the Truth – is ; And – there – is – no – way – for – you – to - know –what- the – Truth - is – unless – there – is - a – Truth – that - you - can –know.... Digest that for a while.....”.***

**“New Agers are out there calling themselves I am searching for truth...What do you mean you are searching for truth?. What you are looking for does not exist. There is no truth..... You got to have Truth that is true, whether you believe it or not....BOOM...It is true whether you like it or not....BOOM...It is true whether you know about it or not...BOOM...It is just true..... Objective, external truth that stands in and out of itself.....Jesus said I am the Way, The Truth and Life, No man cometh unto the Father, but by Me.....”<sup>17b</sup>.**

**“Truth is relative and you can make up your own universe.....You can’t do it people. There is a Truth that you going to run smack down into and you going to get a busted nose sooner or later.....”.**

## **2.) God is Impersonal**

**“That is the idea. Boy, I don’t want God to be a person. If God is a person then that means He probably has some moral value system and He expects His all creation to abide by His whole moral value system NO.....NO.....NO....I don’t want God to be a person...But I rather like to have all that power though. That way I can get to pull all the string. I can tap into this energy and I can make it to do what I want to do by meditation, by incantation, by chanting by all kinds of interesting things.....So Instead of believing in a Personal God, they believe in a force, an energy....a vibration, a consciousness - a power.....You know, those star wars movies...Remember all the little Yoda the Yogi.....The force is all around you, in the rocks, in the trees. All around you it is”. Then the other guy, Nobody – Wants To Know – Me, eh, Obiwan – Kenobi ”.**

**“Luke, empty your mind of all thoughts. Let the force flow through you. Think about that for a minute. ...Luke, be stupid, be gullible, take what ever comes your way, don’t analyse it, don’t think about it....don’t question it, just go with the fuzzies..... We used to say if it feels good, do it – now we say if it feels good, believe it... Whether or not some thing makes you feel good is no criterion to determine whether or not it is true.” They believe this crystals are antennas that draws psychic energy. You have probably seen people meditating. They hum and chant over and over again. They believe this life force that courses through their body along lines called meridians and its centered in shock re-centers and all of this and juice flows down their arms comes through their finger and back through their thumb, it makes a loop there. So they got to keep their fingers closed to keep the juice running as they are meditating. If you open your fingers, it is like kind a unplugging yourself ”.**

## **3.) All Is One**

**“ The Bible says In the beginning God created heaven and earth. God is God and the creation is creation. They are 2 separate things. I am awfully glad for that because this universe is in trouble, it is corrupt and it is given over to sin, it is stumbling in it’s own feet, it needs help from the out side and I am glad that there is an External, Transcendent, Personal God Who can**

reach in from the out side and pull us out from our predicament. That is called SALVATION. But you know, if you don't want to serve God, if you don't want to believe that there is a God to whom you are accountable, there are 2 ways you can get rid of Him. #1, You can make everything God or you can make nothing God....They believe the Cosmos is all there is, all there will be.... The idea that there is no God at all. But in this religious sense they take God and they make God everything that is. That way God is n't separate from His creation. God is the creation. The mountains are God, the skies are God, the wind is God, the Sun is God, this platform is God, the podium is God, I am God, You are God, everything is God. That was easy, wasn't it? You did n't know you were God, did yah? ”.

“That is why Shirly McClain stands on the seashore and saying I am God. She is trying to convince herself, I am God. Her teacher is sitting there , telling come on, you got to believe it, you got to shout it out. She is saying I am God. I can imagine, the infinite eternal God of the universe looking down on this. You know compare to the size of God and the size of His universe, Shirley McClaine is n't really that much bigger than the sand that she is standing on. Here is God listening to the *faint voice*. “ I am God! I am God!!!” . Hey, Gabriel, Michael – come, look at this here. God puts things in perspective . Does n't He?. You know, Psalm 2 talks about how the Lord sits in heaven and laugh at the vain practices of the heathen down here. It is a pitiful thing. But it shows how far man will go because he wants to run his own show. I want to be God. Therefore everything is God. Let us keep moving”.

#### **4.) “There Is No Death”**

“The whole reincarnation bag. You know, Satan said to Eve in the garden of Eden, “you shall not surely die.....” We don't die, you get recycled! You can come back in life after life after life”.

Why do we believe that? There are many reasons....But basically it boils down to two.

**a.) “We don't want to stand before God”** and give account of our lives. One life time is not enough, we need all these experiences to learn all the lessons we need to learn. We get change after change after change and until we finally get it right.... Get it right...Oh, I love that line....Get it right...That is the part I can't stand. They are the one saying there is no truth, make up your own truth, have your own universe.....

If there is no ultimate truth how do you even have a standard by which you can measure when it is you finally get it right?”.

Then the other crazy thing is, you are supposed learn all these lessons and have all these experiences through all these life times. Nobody ever remembers any of their prior lives! Every time you are born, you are just dumb as the last time you were born”.

#### **b.) “They Want To Become God”**

“Through many reincarnations they will finally become so perfected that

**they will evolve upward into godhood, they wanna become God, you see, there you go, there is the same doctrine again. I wanna be God". "It is like Satan saying, one life time is not enough. You have to work it off. You got to come back, again and again and work it all off".**

**"Let me tell you the kissing cousin of reincarnation, that is Karma. One of the filthiest joke Satan ever played on human race. You know, it flies right in the face of God's grace. The Lord Jesus came to the earth and died for their sins and yours and those sins of mine. It is like Satan saying, one life is not enough. You have to come back again and again and again and work it all off. It is like this whole idea of the inevitable law of cause and effect. In other words if you are a bad person in this life (past), you are going to be really bad off in this life (present). You have to suffer in this life (present) to work of all the bad stuff you did in this one (past). So, if you were a good mouse in this life, you may come as a cat in the next life, and if you were a good cat, you will come as a cow in the next life and so on. Well, that is why the real orthodox Hindus wear gaws over their face, cause they don't want to inhale any bugs, because it might be their uncle Tony on his way up or some thing. You wanna make sure of that".**

**"Let us go to the streets of Calcutta and look at all those children starving in those gutters by 100's and 1000's over there dying of starvation of exposure and total neglect and people who live in India who have the money, food and the shelter and everything they need to take care of those kids, walk right by them. Don't do a thing to help them".**

**"Why? Because of K- a - r - m - a. Oh, they must have done something wrong in their prior life and they going to have to work it all off now. Me - I am doing pretty well. I must have been a good boy in my prior life. I am going to enjoy my life. This is my Karma. That is their Karma. They going to have to work it off. If I just alleviate their suffering, they just going to have to suffer again in their next life. Because they need to work off all that by their Karma. I don't want to interfere with their Karma. Therefore they must suffer. That is why in India you have the caste system, the idea that it is your Karma. If you are born a beggar that is your Karma. You meant to be a beggar. A beggar is always will you ever be. You may as well be a best beggar you can ever be. That is why parents often sever the fingers of their children, break their arm, cut off their arm to make their children look more pitiful. So people will feel sorry for them. So they will be better beggars. It is all because of Karma. Who feeds those kids over there? The Christians do. Who builds hospitals and the orphanages? The Christians do. Who put the clothes on their back. The Christians do. It amazes me even the New Ager will say wonderful things about Mother Theresa because she is helping all these starving children in Calcutta. But they don't seem to realize that it is their belief system that is causing that starvation in India".**

**"The Bible says the Lord Jesus, the Son of God already paid the debt for all your sins and if you have faith in Him, He will wash away and you can escape the penalty of sin. Now, you see, that is totally different viewpoint".**

**"A lot of organizations and churches and cults with in the new age are trying to somehow bring together Christianity and Hindu-Budhist-occultism and they are talking about the "Christ Consciousness" and all these other stuff, and they are trying to say "Well, we embrace all religions". NO THEY DON'T. There is a glaring difference between biblical Christianity and all these**

**other stuff and that is what I am telling you about. I hope you will be aware of it ”.**

## **5.) “Cosmic Consciousness”**

**“Alright, let’s move on to the last one. That is cosmic consciousness . Now “Truth is relative”, “God is impersonal”, “All is One”, “There is no death”, “Cosmic consciousness” is the last one. That is the basic belief ”.**

**“It is an altered state of consciousness. It is a practice actually. There is all kinds of ways to do it, drugs, meditation, yoga, feed back, hypnosis, sensory deprivation etc....You go into altered state of consciousness in a relaxed state. Basically you turn your mind over to an out side force, an out side entity. There is all these psychic phenomena comes from. Because your brain is basically like a computer. You, your spirit happens to be in charge of that computer working on the key board. Alright – Now in the altered state of consciousness you are basically getting up from the key board and allowing the Demons to sit down there. The Demons begins to tweak off all the neurons in your brain, he creates an entire universe of illusion in your mind. He gives you past life experiences, he will give you what ever you want if he can convince you the 5 doctrines , the idea that you are God, you have infinite wisdom with in yourself and there are people that believe it today. What did Satan tell Eve in the Garden Of Eden? “When you eat the fruit, your eyes will be opened and you will be like God”.**

**“Oh, such an enticing package. But look at what that package has done to us! It has sold the human race to the incredible degradation. We have to face the steady decline of our culture, we have to watch our children starving, we have to watch the incredible delusion that is going out there. The Bible says Because they did not love the truth, God gave them over to a lie. We see people believing the most outlandish lie. Why? To preserve their own arrogance , their own pride, their own self will, their godhood. So what is the answer... There is a Saviour. There is a Champion. His Name is Jesus. He Was, Is, Will be God. But He did the totally backward thing to our nature, He became Man and put Himself at our mercy to pay off our sin debt ”.**

**“Look at this way: Here’s a family on vacation. Brrr, they’re driving their car there, vrrr. Sunny day, windows are all rolled down, breeze is flowing in the car, they’re having a good time. This big old black bee comes in the window, starts buzzing around in the car. And the little girl in the back seat, she is allergic to bee-stings. If she gets stung she can die with in an hour. “ Oh, daddy! It’s a bee , he gonna sting me!. The father, he’s trying to pull the car over, he’s trying to stop, he’s trying to catch the bee. Zzzzzzzz ! Comes around. He gets up against the windshield. Zzzzzzzz!**

Finally catches it, catches the bee in his fist! ZZZZZZ! It's in there, and he hangs on. ZZZZZZ! And he waits. ZZZZZZ! Fully inevitable! ZZZZZZ! Finally it happens: Pwoem! Ah! Lets the bee go ZZZZZZ! "Daddy, daddy, it's gonna sting me" "No honey, it's not gonna sting you now. Look what I have in my hand." There's the bee's stinger in his hand. Look what Jesus has in His hand. Satan's sting. The sting of death, the sting of sin, the sin of degradation, the sting of defeat, Jesus took it all. It's in His hand. When you see that nail-scar realize He took it all, He paid it off. He reduced Satan to a big black bee and all Satan can do is buzz. That's the victory Jesus won for you!. Hallelujah, hallelujah! Thank you Jesus! ".

## **Men and Women's Dilema**

If we could make our way to heaven by our own good works, God did n't have to make His beloved Son pay the awful price <sup>18</sup>. Accepting this fact in your heart and mean it, is the only way God and man can be reconciled <sup>19</sup>. Man/Woman cannot do anything of eternal value with out God <sup>20</sup>. It may sound strange that God and natural (unsaved) man/woman are enemies, enemies of the worse kind <sup>21</sup>. Yet God still gives sunshine and rain and other good things to wicked and the godly <sup>22</sup>. It was God's very intent to have fellowship with man/woman He created and still is <sup>23</sup>. But they violated God's holy law <sup>24</sup>. God had to condemn mankind and the relationship was broken <sup>25</sup>. If He did n't He would n't be Holy God <sup>26</sup>. The same blood line runs through every body and we are still breaking all of God's law <sup>27</sup>. If you have kept all laws (which no one can) and broken one, you have broken all <sup>28</sup>. One does n't have to break all links of a chain to break a chain. One will do. Now the world is paying the heavy price for it. But God in His rich mercy and love initiated a remedy to redeem mankind to Himself. That is what God did two millennium ago <sup>29</sup>.

## **"Who am I? Why am I here? Where am I going?"**

"There are many answers . And no one can prove conclusively that his answer is right. ....The answer that you are highly developed animal who is here by blind chance and that everything ends when you die is rather comforting. It gives you freedom to act as you please. But you know it is n't true. There are evidence of a spiritual world even if they cannot be scientifically measured. You have a conscience; you have a feeling of right and wrong; you turn to higher power in time of trouble".

"Give consideration, then to answers of the Bible. These answers are so unusual that it is obvious that no man thought them up. They do not flatter man. They seem foolish. They are hard to accept".

**"WHO AM I?"** I am a spiritual being who temporarily has a physical body. I was created in the image of infinite God to live in a similar way that God does; with the ability to think, to will and to choose. This gives me great dignity. "So God created man in His own image" <sup>29-1</sup> "Then shall the dust return to the earth as it was: and the Spirit shall return unto God who gave it" <sup>29-2</sup>.

## **“WHY AM I HERE?”**

**“I am here because God has a purpose for me. The ultimate purpose is that I glorify God. God is honoured when I do His will, when I promote His Kingdom, and when I enjoy with gratitude the good things of this world. Life is very meaningful when I am in harmony with God’s plan. And it is a great comfort to know that He controls everything. “ Whether therefore ye eat or drink, or whatsoever ye do, do all to the glory of God”<sup>29-3</sup>. Jesus said “ For whosoever shall do the will of My Father which is in Heaven, the same is My brother, and sister and mother” <sup>29-4</sup>.**

## **“WHERE AM I GOING?”**

**“If a man had used his gift of free choice to choose for God, life on earth would have been a perfect existence. But we chose to rebel against God. We do not glorify God. We prefer to promote self. We are inclined to evil. The world is a devilish place simply because we serve the devil”.**

**“Since God cannot tolerate evil, there is only one just recourse: continued existence (since we are spiritual beings) in a place of punishment and torment. “ And these shall go away into everlasting punishment” <sup>29-5</sup>. “In flaming fire taking vengeance on them that know not God, and that obey not the Gospel of our Lord Jesus Christ” <sup>29-6</sup> . But God refused to let His creation end in failure. He provided a way in which man can regain his position of true manhood. This way is by faith in Jesus Christ. Jesus is the God-Man who paid the penalty for our rebellion and earned for us the opportunity to become the true person we were created to be. For such, the future is glorious; reunion with God in a condition of complete joy and fulfilment”.**

**“In a sense, you are what you think you are. If you think you are merely an animal, you will live as such. If, however, you accept in faith the answers that God gives to these three questions, you will realize your position as created in the image of God. You will also realize the gulf that sin has made between God and you. And you repent and accept Jesus Christ as your Saviour. In so doing, you will be reinstated to your manhood. You will be assured of true living, both now and through eternity. Choose the way of life and receive Christ as your saviour. Read your Bible. Find out more about the glorious life God has in store! ”.**

## **A New Zealand farmer**

**“ New Zealand sheep farmer had a problem one morning. Two of his sheep gave birth to two little lambs. In the first case the mother sheep died and the lamb survived. In the second case the lamb died and the mother sheep survived. So the surviving lamb needed care by a mother sheep. Solution seemed obvious. Take the surviving lamb to the surviving mother sheep. But it did not work. The mother would not come close to the lamb because of the different smell the mother realised the lamb was not her own offspring.**

**The Farmer thought for a while and came up with the idea. He took the dead lamb's skin, covered the live lamb with it and brought to the mother sheep. The mother came close to the lamb and started treating the lamb as her own.**

**This is another way of telling the Christmas story. You might ask what that has to do with Christmas. The answer is : The Holy God cannot come close to sinful man and woman and have fellowship with them <sup>29a</sup>. Our righteousness are filthy rags in God's sight <sup>29b</sup>. So God is willing to put the righteousness (cover) of His Son Jesus Christ on every man and woman who comes to Him by faith and repentance so that God and man/woman can be united again <sup>29c</sup>. This is the greatest good news mankind has ever heard. "For by grace are you saved through faith: and not of yourselves; it is the gift of God; not of works, lest any man should boast"<sup>29d</sup>. Plus Nothing. Minus Nothing. Period.**

**"It was about to begin – God's plan for humanity, Crafted in the halls of heaven and carried out in the plains of earth. Only holiness could have imagined it. Only divinity could have enacted it. Only righteousness could have endured it. And once the plan began, There would be no turning back. The Creator knew it. The Son Knew it. And soon , earth itself would witness heaven's majesty alighting on the planet " .**

**A solemn thought to contemplate especially during the Christmas time " . author unknown**

## **" A BAG OF BEANS"**

**Is a story of how a man was leading some pigs to the slaughter- house. Another person observed him and was intrigued. He said, " I have never seen any one able to herd pigs and lead them to the slaughter-house so easily". The herds man replied . " There is a trick. I have a little bag of beans in my pocket and as I drop them, the pigs keep following me." This is how Satan is leading people dropping a little pleasure here and a little pleasure there – right on to the slaughter-house (Hell)" and they don't even know it.**

**Don't get me wrong. God is not against fun and enjoyment and He is not a cosmic bully. God is much more than the most loving father on earth. If we love Him our earnest desire will be to glorify His name in everything that we do . That's all God expects of us. How can any one describe the love of God! As the hymn writer put it:**

**" Could we with ink the ocean fill,  
And were the skies of parchment made,  
Were every stalk on earth a quill,  
And every man a scribe by trade;  
To write the love of God above,  
Would drain the ocean dry ;  
Nor could the scroll contain the whole,  
Tho' stretched from sky to sky " .**

**The world today is full of people searching for some thing to worship, some thing in which to place their faith and provide them with stability and meaning in life. If you feel that your life is like the Humpty - Dumpty story, God can put your life together and make it worth living. Many things in life cannot be explained or proved by ordinary means and some even by**

scientific means . Metabolism, electricity that can't be touched, smell or taste, how a black cow eats green grass and produce white milk and yellow cheese. How many know how radio or sophisticated technology works! Yet we know that they are real.

Faith is not worked up. It is given by God when we are Born Again <sup>29f</sup>. We exercise faith when we go to a doctor, lawyer or do any day today activities. God is not asking you to have more faith than that. Draw nigh to God and He will draw nigh to you <sup>30</sup>. You have to mean business with God. A commitment and start following Him and serve Him the best you can, of course with the help of the Holy Spirit – by depending on Him day by day. He will take care of the rest. Just like as you walk to ward a mountain it comes in full view, not when standing far away. Despite all doubts and denials of His existence, God is. I AM THAT I AM <sup>30a</sup>. Eye of faith has much farther sight than physical eye <sup>31</sup>. A former psychologist said “ **Fear is not natural but Faith is . Worry and anxiety are sand in the machinery of life. Faith is the oil.**”

## How To Get To Heaven From Here.

Do you want to go to heaven when your time is up naturally or suddenly and know it for sure? Yes, you can. “ **There is no other subject that inflames the heart and fires the imagination more than the subject of Heaven. After being away from home and loved ones for a time, the very thought of going home again fills the heart with joy. Should it not be the same when we think of our Heavenly Home**”<sup>32</sup>. Heaven is a prepared place for prepared people <sup>33</sup>. You try to board a plane to go to another country with out valid documents and you know what happens. How much more the Holy City of God where sin cannot enter <sup>34</sup>. In fact a mansion is reserved for you in heaven the very moment you decide <sup>35</sup>.

Salvation (*condition of being saved or possession of heavenly life*) is not determined at the heaven's gate. It is decided here on earth while we are alive <sup>36</sup>. In spiritual realm there are only 2 destinations. A Heaven to gain and Hell to shun. You need to be on the right track to reach the right destination. “ All roads do not lead to Rome”. Your good will be weighed against your bad and God will wink at you and let you pass into heaven, is a lie from the pit of Hell. My dear friends, is there anything more urgent and important in life than this? “ Where as ye know not what shall be on the morrow” <sup>37</sup>. Besides, you don't want this message to stand against you as a witness one day and ringing in your ear for whole eternity. History is full of missed opportunities.

Remember, how one of the thieves on the cross who was hanging beside Jesus went to heaven! He just uttered 9 simple words. “Lord remember me when thou comest into thy kingdom”. Jesus said to him, verily I say unto thee, Today thou shall be with me in paradise <sup>37a</sup>. He did n't have time or opportunity to do any good works for God. But he was sincere. There are death bed conversions and people get saved at the last minute. That is true. That is because the Holy Spirit of God is working in that person's life according to God's sovereign will. You may not get that privilege. Yes, going to heaven is that simple. It does not cost you any thing. But it did cost God everything – the death of His Beloved Son, Jesus Christ.

**My friends, don't you understand this?. If God didn't make salvation of our soul this simple, none of us will ever make it. Now whom will you blame if you refuse the unspeakable gift <sup>37b</sup> and headed for destruction? Only yourself with the never ending regret in eternity. So don't delay. Come to Jesus as you are. He is the Most Loving Friend you will ever have. You will not find a greater love any where else than One who laid down His life for you <sup>37c</sup>. Your burden what ever it is, will roll away from your shoulder. He is the one who can bear it and He will gladly do it for you. He has changed my life. He will do the same for you.**

## **Excuses & Arguments** (against coming to God)

- 1.) God is too good & merciful to condemn people → He that believeth not the Son shall not see life, but wrath of God abideth on him <sup>38</sup>
- 2.) There are too many hypocrites in the Church → Remember, you will have to give-account to God of yourself <sup>39</sup>
- 3.) You can be saved if you do your best → There is none righteous, not one. <sup>39a</sup>  
You are not saved by good works but by the mercy of God <sup>40</sup>.
- 4.) I don't believe in Hell → My friend, 1 minute in Hell weeping, wailing & gnashing of -teeth, where worm dieth not will change your mind. Your unbelief does not change the fact <sup>41</sup>
- 5.) There is plenty of time to settle this matter → Behold, now is the accepted time-tomorrow may be too late. If you go-to the grave yard, you will see graves of all sizes. <sup>42</sup>
- 6.) I am keeping the Law → You keep the whole law (which no-one can), yet offend in one point, you are guilty of all <sup>43</sup>.
- 7.) Bible is old, translated many times, it can't be accurate. → If you care to investigate, there are 1000's of original manuscripts available today including dead sea scrolls. Causing doubt is Devil's tactics <sup>44</sup>
- 8.) I have not been warned → **This message contains God's Word and is your warning and it may be-your last.** <sup>45</sup>
- 9.) If I am sincere, I am OK → Salvation depends on the belief on – The Lord Jesus Christ <sup>46</sup>.  
There is a way which seemeth right – Unto a man, but the end there of are the ways of death <sup>46a</sup>
- 10.) I am afraid of being ridiculed → “Whosoever shall be ashamed of Me And My words, of him the Son of Man be ashamed when He comes in to His own Glory <sup>47</sup>

- 11.) You will not hold out if you become a believer → The Lord Jesus is able to keep you from falling <sup>48</sup>.
- 12.) Because of your worldly longings & ambitions → What shall it profit a man if gain - the whole world and lose his own soul <sup>49</sup>
- 13.) You are afraid God will not accept you → Him (anybody) that cometh to Me I will no wise cast out <sup>50</sup>
- 14.) Postponing the matter with out any reason → Boast not thyself of tomorrow, for - thou knowest not what a day may - bring forth. <sup>51</sup>
- 15.) I have to blame my circumstances → There is nothing that can keep a - sinner from Christ if he/she wants to come to Him for Salvation <sup>52</sup>
- 16.) I am better than the other person → God does not compare person with a person. He compares you and me With His Son Jesus Christ. <sup>53</sup>
- 17.) God does not care or He has set up the Universe and forgot about it → It is some god who forgets that he is god! In fact God is very much interested in our affairs moment by moment. <sup>54</sup>
- 18.) Join a Church will save me. → Will not do. You need forgiveness & cleansing by New Birth. <sup>55</sup>
- 19.) Love every one, is good enough → Nothing to do with being saved. Even Sinful person can be loving. We are Separated from God because of Sin nature which must be dealt with <sup>56</sup>
- 20.) You are unwilling to confess & forsake your sin → He that covereth his/her sin shall not prosper <sup>57</sup>
- 21.) You don't want to forgive those who have wronged you. → If you don't forgive others, God will not forgive you. <sup>58</sup>
- 22.) I am not sinful → If we say we have no sin we deceive ourselves the truth is not in us <sup>58a</sup>
- 23.) I must become better before I come Come to Christ → I am not come to call the righteous, but sinners to repentance <sup>58b</sup>
- 24.) But I am so weak → My (Jesus) grace is sufficient for you.... <sup>58c</sup>
- 25.) I have tried before & failed → He gives power to the faint... <sup>58d</sup>
- 26.) I can't give up my evil ways → You must. Be not deceived. God is not mocked. What ever man soweth , that shall he also reap... <sup>58e</sup>
- 27.) I will be persecuted if I am a believer → For whosoever will save his life shall lose it, but whosoever shall lose his life for My sake....shall save it. <sup>58f</sup>
- 28.) The Christian life is too hard → My (Jesus) yoke is easy, My Burden is light. <sup>58g</sup>

- 29.) I have no feeling → A pilot flies the plane by the machine not by his feeling which may be very contrary to the machine display. The fruit of the Spirit is love, joy, peace.....<sup>58h</sup>
- 30.) I have been seeking Christ but can't find. → Seek Him with all your heart, you will find Him.....<sup>58i</sup>
- 31.) God seems unjust & cruel → Oh man, who art thou repliest against God, shall the clay ask the potter why has thou formed me thus?...<sup>58j</sup>
- 32.) Many things in Bible I can't understand → Natural man understandeth not the things of God ( You need to be born again to understand them) <sup>58k</sup>
- 33.) Many contradictions in the Bible → There is no contradictions in the Bible. If it seems contradictions to you, that means you have not studied Bible properly. <sup>58L</sup>
- 34.) Those who never heard the Gospel goes to hell? → That is not your problem. You are accountable to God. Those who knew His will and did not do will be beaten with many stripes and vice versa. <sup>58L1</sup>
- 35.) There is NO excuse → We are with out excuse. God is manifested everywhere, especially in Jesus Christ. <sup>58m</sup>

## **Facts are Stubborn things**

**You can doubt there were World Wars and Korean War. But 1000's of white crosses in the cemeteries cry out the fact. If you were to find a 21 jewel watch lying on the ground, you would not say it just happened. No, it is too intricate it had to have an intelligent maker. You would n't think a 747 Jumbo Jet can take off when there is an explosion in the junk yard or a abridged dictionary comes out when there is a mishap in the printing press (*the big bang theory*). This world is too intricate and complicated to have just happened. Design demands a Designer. God is it's maker, not some "it". If you want say to that there is no God, you have to be every where in the universe at the same time and also must be a sprit to see the Spirit (God). If you miss one corner God could be there. In fact, God is the only One who can say that there is no God, which is oxymoron. God has created this universe and invested so much in it. He will make sure every bit is accounted for at the end <sup>58n</sup>. You and me will be alive at that time even if it is after 1000 years (souls with memory and feelings) <sup>58o</sup>. The question is which side are you on ? Sin is a fact <sup>59</sup>. Hell and Heaven are facts <sup>60</sup>. Forgiveness by God is a fact if we ask for it <sup>61</sup>.**

## **Dying Words Of Famous Atheists**

**Those who have true relationship with God (not perfect by any means) have happy and content life and look forward for the sure heavenly life after <sup>62</sup>. But listen to the agonising cry of some of the great men but famous atheists & sceptics in their death bed <sup>63</sup>.**

- Voltaire in 1700s ( "...I am abandoned by God and Man. I shall go to hell").
- Sir Thomas Scott in 1400s: ( "...I am doomed to perdition by the judgment of Almighty God").
- Thomas Hobbes in 1600s ( "...Oh, I am taking a fearful leap in to the dark").
- Thomas Paine in 1800s ( "...what shall become of me hereafter?").
- Colonel Chartiers in 1800s ( "...I will give £ 30,000 pounds to prove to me that there is no hell").
- Mirabeau in 1700s ( "...Give me more laudanum, I don't want to think of Eternity").
- Edward Gibbon in 1700s ( "... All is dark and doubtful").
- David Strauss in 1800s ( "...My philosophy leaves me utterly forlorn").
- Sir Francis Newport 1600s ( "...I know I am lost for ever. Oh, that fire ..insufferable pangs of hell ").
- Aldamont in 1800s ( "...My principles have poisoned my friend, and is there another hell yet ahead?").
- Thomas Carlyle in 1800s ( "I am as good as with out hope and gazing in to the final chasms").
- Mazarin (cardinal) in 1600 ( "Oh my poor soul! What will become of thee? Whether will thou go?").
- Gandhi (religious) in 1940s ( "I find myself in slough of despond...All about me is darkness...?").

From these and other death bed experiences and last words, I gather it must be an awful experience to die with out God. "Contrast the above with the words of two men who truly knew God. King David of Israel: "Though I walk through the valley of shadow of death, Thou art with me" <sup>63a</sup>. Apostle Paul: " Oh death, where is thy sting? Oh, grave, where is your victory?...Thanks be to God who gives us the victory through our Lord Jesus Christ" <sup>63b</sup>.

Let us say for argument sake that there is no God. The believers had a happy life any way. But IF there is a God, you have every thing to lose. The heavens declare the glory of God <sup>64</sup>. Jesus Christ said more about heaven and eternal punishment than any body else in the scripture.

**"The words of the Lord Jesus make many people angry today. They claim they don't believe in Hell, but they get angry at the thought that they might end up there. The teaching of the Lord Jesus was that all men are sinners, all need a Savior, no one is good enough to merit Heaven. That is the reason He had to come and die as a sacrifice for sin, for without the shedding of His holy blood, there would be no forgiveness for anyone. Sin is so terrible, it had to be atoned for, and none of us were good enough to be the sacrifice. Only He was perfect, and His perfect sacrifice paid the penalty for all the sins of every person who believes in Him".**

**"We urge every reader to make it their top priority to read the New Testament and find the truth for themselves, put their trust in the Savior, and obey Him by being baptized in water. Here is a good prayer to start the New Year with:**

**'Lord Jesus, the thought of dying is so scary. I want to know You. I want to belong to You. I want to be one of Your people. I have committed sins, bad things I did and said and thought, and I can never go back in time and change any of it (think through your life, and He will bring sins to your memory). Please forgive me for (whatever sins you remember)... Please make me one of Your people "** <sup>64a</sup>.

## **Depravity & Perplexity**

**World renowned Physicist Stephen Hawking said "Humans must abandon planet Earth and colonise Space in the next century if we were to survive" <sup>65</sup>. Nobel price winning scientist George Wald alarmed " Civilization will end with in 15 or 30 years unless immediate action is taken against problems facing mankind" <sup>66</sup>. Who will not admit that we have made a mess of this world? What a hideous madhouse the world has become. This is a "MESS – age". Certainly things cannot continue long, as they are.**

**There is no question that common people who haven't read the " Last Chapter" are perplexed about the world conditions today. "If an unbiased observer were to objectively examine current world event, it would be clear that a potentially cataclysmic war of some kind is on the near horizon"<sup>66-1</sup>. One writer put it this way "Our world is in a mess of Herculean proportions, and it is just getting worse by the day. For example, crime is at an all time high.....Smut is everywhere....Our country is at lowest point.....or is it? Probably not. Once the monster is out of the cage, it will just continue to feed upon itself and grow more intimidating"<sup>66-2</sup>.**

**"A pig does not get cleaner when wallowing in the sty. It just gets more muddy, and the smell get stronger. If you fall in quicksand, you just get dirtier and sink deeper as you struggle to get out. My point? Generations are growing up who do not see certain acts as disgusting as previous generations. In other words, the more you hang around garbage, the less it stinks, but it is still garbage"<sup>66-3</sup>. But it is only the beginning of sorrows (Birth Pangs) <sup>66-3a</sup>. We are getting closer to self destruction. The earth is reeling to and fro like a drunkard as prophet Isaiah predicted 2700 years ago <sup>66-4</sup>. Jesus outlined " the Signs of Times" that will characterize this age as it groans to give birth to the future age . Days will grow darker and darker (morally, ethically and in many ways) <sup>66a</sup>. There will be great tribulation such was not since the beginning of the world nor ever shall be <sup>66b</sup> . Men's heart failing for fear and for after those things which are coming on the earth <sup>66c</sup>. It will be on the face of whole earth <sup>66d</sup>. In fact, days are coming when the Kings of the earth will hide themselves and in the dens and rock of mountains and ask the rocks and mountains to fall upon them <sup>67</sup>. Men/woman shall seek death and shall not find, and desire to die and death shall flee from them <sup>68</sup>. It is not a pretty picture. Till heaven and earth will pass one jot or one tittle shall no wise pass from the law till all be fulfilled".<sup>68a</sup>**

**However, there is a MESSAGE for this "MESS-age". Jesus Christ is the answer. It is either Christ or Chaos. Sin and evil must be punished . That is what exactly the Scripture predicts. Things are on schedule. God is never late. One has to join God's family to make sense of this world and to know what amazing things He is doing today to accomplish His plan and purpose. World is like a tapestry now, on one side a messy looking scene and the other side a beautiful design (future for God's people). For Believers, there is deliverance because they are not appointed unto God's wrath <sup>69</sup> . In other words, when God pours out His Judgements on Earth, Believers will be exempted or taken out of this world <sup>69a</sup>. It could be sooner than you think. It is not a popular message. But It must be said.**

## **Statistics**

**The following is an excerpt from the book "40 Irrefutable Signs of the Last Generation" By Dr. Noah Hutchings (USA)**

**"In 1963 the federal government ruled that Bible reading and prayers in school were unconstitutional.**

**Consider what has happened to our nation since God was made unwelcome in public education.**

**The following is from page 42 of Dr. Johnny Esposito's book *Temples of Darkness*.**

**These are some of horrendous increase since 1963 when we "expelled" God from school. Violent crimes up 995 %; premarital sex for 15 years olds up 1,000 %....; suicides up 300 %; single parent families up 117%; unwed teen pregnancies up 553 % under 15...; unmarried couple living together 536%; sexually transmitted disease up 226%; divorce rate up 117 % (would be more, but so many couples are living together); SAT average tests scores down 80 points (970-980); unwed birth rate up 325 %.....; crimes against student up 3,000 %; There are 100 murders on school campuses annually, 12,000 robberies on school campuses annually; 204,000 aggravated assault on campuses annually; assault on teachers have increased 7,000 %. More than 110,000 teachers are attacked in our nations schools annually.**

## **Preparation/signs of His Second Coming**

**If you look carefully in the scripture, you will find that God arranged so many things on the world stage for the perfect timing ("when the fullness of time came" as the Bible calls it ) for Christ's first coming such as specific prophecies were to be in place like "Christ bruising Satan's head", "changing man's heart", "born in Bethlehem", " He was wounded for our transgressions...", "They pierced My hands and My feet" and many more. 400 years of silence between O.T & N.T when people gave up hope that caused great excitement when Messiah came, how Christ's forerunner John the Baptist came six months earlier to prepare the way, how king Herod was in palace to threaten babe Jesus' life so that Mary & Joseph fled to Egypt and then Nazareth to fulfill the prophecy , how Alexander the Great was there to spread Greek culture that enabled the translation of Hebrew language to Greek to spread the gospel to the world, how Roman empire built roads every where that enabled to spread the gospel and how God prepared Jewish & gentile nations for His Son Jesus Christ.**

**Similar things are happening today. God is setting up the stage for Christ' Second Coming such as : false messiahs <sup>69b</sup> rapid growth of occultism <sup>69c</sup>, financial meltdowns world wide <sup>69d</sup> rampant drug abuse <sup>69e</sup>, apostasy (falling away from true Christian doctrines) <sup>69f</sup>, supernatural phenomenon <sup>69g</sup>, decaying of moral standards <sup>69h</sup>, attempt to form One World Religion <sup>69i</sup>, Globalism and One World Government <sup>69j</sup>, nuclear proliferation <sup>69k</sup>, peace process <sup>69L</sup>, chip technology to implement Mark of the Beast (Antichrist) with out it no one will be able to buy or sell <sup>69m</sup>, intensity and frequency of natural disasters increasing <sup>69n</sup>, dwindling of world wide food supply <sup>69O</sup>.**

**True believers are not " Doom and Gloomers". They are excited about the future because they understand the times and have taken steps to storm-proof their life against the coming ravages of God's judgement and eternal damnation. God has a real track record of punishing the wicked ("The wheels of God grind slow, but they grind exceeding fine" ) ; and rewarding the righteous (Righteousness that is Christ' alone put it in your account and your sin is put in His account) – An amazing exchange <sup>69p</sup>.**

## It is not your fault

**It is not your fault that you are a lost sinner. Men/women are shaped in iniquity and sin <sup>70</sup>. Prophet Jeremiah said “ Heart is deceitful above all things, desperately wicked, who can know it” <sup>71</sup> . We sin daily in thought and in action <sup>72</sup> and the soul that sinneth shall die (*eternal death*) <sup>73</sup>. But it is your fault if you remain a lost sinner <sup>74</sup> . God is not willing that any should perish.... <sup>75</sup> . Today if you hear His voice, harden not your heart <sup>76</sup>.**

**It is possible to be very intelligent and yet to be a fool as well. King David (*the father of the wisest man ever lived – King Solomon*) said twice in the book of Psalms (ch. 14 & 53) that the fool says in his heart there is no God <sup>77</sup>.**

**If there is warning about tornado or hurricane people will be very concerned. But if one becomes realistic on warning the public of the greater danger of the judgement of God against their sin, he/she is regarded as fanatic. **It is strange that people get so upset about something they professed not to believe in! For that very reason , not many warnings are being given today. But warnings are sounded or not, the danger is real.** The Lord Himself said “.....Except ye repent, you shall all like wise perish (*eternal death*) <sup>78</sup> . If you are not definitely taken your stand on the side of Christ, You are against Him, and on the side of Satan <sup>79</sup> . Christ is offering Himself to you <sup>80</sup>. **This is an awful crisis in your life, He is waiting for your answer.****

**“Oh! What will you do with Jesus?  
The call comes loud and clear;  
The solemn words are sounding  
In every listening ear;**

**Immortal life’s in the question,  
And Joy through eternity;  
Then, What will you do with Jesus?  
Oh! What shall the answer be?**

**What shall I do with Jesus?  
Neutral I cannot be;  
One day my heart will be asking:  
What will He do WITH ME?”**

## One Solitary life: Yeshua of Nazareth

**“Here is a man who was born in an obscure village, the child of a peasant woman. He grew up in another village. He worked in a carpenter shop until He was 30 and then for three years was an itinerant preacher. He never owned a home. He never wrote a book. He was never elected to office. He never had a family. He never went to college. He never put his foot inside a big city. He never travelled more than 200 miles from the place where He was born. He never did any of those things that usually accompany greatness. He had no credentials but Himself...**

**While still a young man, the tide of popular opinion turned against Him. His**

friends ran away. One of them denied Him. He was turned over to His enemies. He went through the mockery of a trial in which He was falsely accused. He was brutally beaten and then nailed on a cross between two thieves. While He was dying His executioners gambled for the only piece of property He had on earth – a simple robe. When He was dead, He was taken down and laid in a borrowed grave through the pity of a friend.

Nineteen long centuries have come and gone and today He is the centerpiece of the human race and leader of the column of progress. I am far with in the mark when I say that all the armies that ever marched, all the navies that ever were built, all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as powerfully as has that one solitary life". Author unknown

## Emperor Charlemagne & Napoleon

"The great emperor Charlemagne was buried in an unusual way, seated on a marble chair with a copy of the New Testament in his lap with his finger pointing to this verse: " For what is a man profited, if he shall gain the whole world , and lose his own soul? Or what shall a man give in exchange for his soul?" <sup>81</sup>. One can give you every thing he/she has and be your best friend all your life and yet has no concern about your eternal soul, has done nothing for you <sup>82</sup>. This life is not even a drop in the whole ocean compared to eternity.

"Napoleon Bonaparte when he was imprisoned in St. Helena, said to his General Bertrand, (*the conversation frequently turned to the subject of religion*) " I know men, and I tell you that Jesus Christ is not a man, superficial mind see a resemblance between Christ and the founders of empires, and the gods of other religions. That resemblance does not exist. There is between Christianity and what ever other religion the distance of infinity" <sup>82a</sup>.

Look at what God has done for you and me: "For God so loved the world that He gave His only begotten Son (*sacrificed on the cross to redeem us from eternal condemnation*) <sup>83</sup> that whosoever believeth in Him should not perish but have everlasting life <sup>84</sup>.

## Mathematical Probability

There are more than 300 prophecies (Divine) in the Bible that predicted this great event in history of Christ' 1<sup>st</sup> coming. There are 60 distinct ones which no one can miss. Scientists took 48 of them analysed and concluded that the mathematical probability of them being fulfilled randomly in one person is 1 in 1 followed by 157 zeros <sup>85</sup>. Many predictions of prophet Isaiah who lived 700 years before Christ in chapter 53 and King David, 1000 years before Christ in Psalm 22 are so vivid and crystal clear about the suffering and crucifixion of Christ <sup>86</sup>.

"Let me show that, according to mathematical law of problematical conjecture, man could never, never prophesy. Suppose that right now I would make a prophesy. Just by way of illustration, suppose I'd say that wherever you are it's going to rain tomorrow. I would have a 50% chance of being right because it will do one of the two. But suppose that I add to that and say it would start rain tomorrow morning at 9 O'clock. That would be

**another uncertain element. I had 50 – 50 chance of being right at first; now I have perhaps a 25 % chance. Every uncertain element that is added reduces by at least 50% the chance of my being right—the law of problematical conjecture. Now suppose that I not only say that it’s going to start raining at nine O’clock, but I also say it’ll stop raining at two o’clock. That has reduced my chances now another 50%, which brings down to 12 1/2% . Can you imagine my chance of being right now? But suppose I add 300 uncertain elements. There’s not a ghost of chance of my being accurate. I just could n’t hit it – it would be impossible. Yet the Word of God hit it, my friend. It is accurate. The Bible has moved into that area of absolute impossibility, and that to me is absolute proof that it is the Word of God. There is nothing to compare to it at all” <sup>86a</sup>.**

**One writer said “No one is left with the option of calling Jesus Christ a great moral teacher. A man who was merely a man and said and did the sort of things Jesus did would not be a great moral teacher. Either this man was, and is the Son of God or else a mad man or some thing worse. You can shut Him up... or you can fall at His feet and call Him Lord and God”. You can love Him or hate Him but you can’t ignore Him because one day every knee shall bow and every tongue shall confess that Jesus is Lord... <sup>87</sup> . Look at this way, if you ask any body of their opinion of Jesus Christ in the civilized world, they will at least say that He was a good man. Although He is God of very God <sup>88</sup> . Now ask yourself – How is that a liar can be a good man? Every thing Christ said and did was either True or False.**

## **Opiate Of the Mass?**

**Karl Max said “Religion is the opiate of the mass” despite the fact that some religions do commit human sacrifice. “ Watching a fiery human sacrifice in the evening does not lend itself to a good night sleep particularly, if you know the person fed to the fire” <sup>88-1</sup> . But true Christianity is not a religion in a sense. It is a Relationship. Religion is man’s attempt to reach God which is never accepted by God and gets you frustrated <sup>88a</sup> . Relationship on the other hand is God reaching man and it worked and always works and keeps you joyful <sup>88b</sup>.**

**True Relationship with God has enabled millions of believers to give up their lives for the Truth down through the ages. All disciples of Christ except St. John (*natural death*) faced martyrdom willingly for the Gospel sake. How did they get the boldness to face the cruel death? People don’t want to die if they know what they believe is a lie.**

## **Famous Scientists Who Were Christians:**

### **1.) Isaac Newton (1642-1727)**

“Greatest scientist ever lived. A genuine believer in Christ as his Saviour and in the Bible. Wrote many books on Biblical subjects....Defended Sir James Ussher’s chronology (World was created 6000 years ago). Refuted atheism and defended Creationism. Believed in Biblical Flood and six day creation . He said “ We accept the scriptures of God to be the most sublime philosophy...” <sup>89</sup>

- 2.) **Michael Faraday ( 1791-1867)** Greatest physicist of all time. Most humble and sincere Christian. Had an abiding faith in Bible and prayer <sup>89</sup>.
- 3.) **Louis Pasteur (1822-1895)** Founder of germ theory & disease prevention. A strong religious man. He said “ The more I know, the more does my faith approach that of the Breton peasant. Could I but know all, I would have the faith of a Breton Peasant Woman” <sup>89</sup>.
- 4.) **Blaise Pascal ( 1623-1662)** **Great mathematician and founder of Hydrodynamics. He said “ How can any one lose who chooses to be a Christian.? If, when he dies, there turns out be no God and his faith was in vain he has lost nothing, he has been happier in life than his non-believing friends. If however, there is a God and a Heaven and a Hell , then he has gained Heaven and his sceptical friends will have lost everything in Hell.”** <sup>89</sup>
- 5.) **Johann Kepler (1571-1630)** Founder of physical Astronomy. An earnest Christian, studied 2 years in seminary. He said “He is thinking God’s thoughts after Him”. Believed the world was created 7000 years ago. He said “ We astronomers are Priest of the Highest God....for the glory of God”. <sup>89</sup>
- 6.) **Leonardo da Vinci (1452-1519)** Considered by many to be the real founder of modern science. A sincere believer in Christ & in scriptures. His famous painting “ The Last Supper” portrays his profound insight into the Heart of Christ and disciples, has blessed & stirred the souls of multitudes over the centuries. <sup>89</sup>
- 7.) **Galileo ( 1564- 1642)** Great astronomer of his time. A Bible believer <sup>89</sup>
- 8.) **Copernicus ( 1473-1543)** Great Astronomer of his time. Was a Theistic Creationist. <sup>89</sup>
- 9.) **Francis Bacon (1561-1626)** Established “Scientific Method” in science. Lord Chancellor of England. A devout believer in the Bible. He told to study scriptures to prevent falling into errors <sup>89</sup>
- 10.) **Humphrey Davy (1778- 1829)** A great chemist. A Bible believing Christian. highly altruistic & generous. <sup>89</sup>
- 11.) **George Washington Carver (1864-1943)** He was a great black scientist. World’s top authority on peanuts. Developed over 300 peanut products and over 118 from sweet potato. Sincere humble Christian, attributed all success and ability to God. In 1993 he was awarded “The Roosevelt Medal” with the citation “ **To a Scientist Humbly Seeking the Guidance of God and a Liberator of Men of White Races As Well As the Black.**” <sup>89</sup>
- 12.) **John Fleming (1849-1945)** Father of modern electronics. A Christian Apologist (Defender of Belief). Wrote at least one major book against Evolution. <sup>89</sup> (and many more . Space doesn’t permit)

**I am not a scientist or son of a scientist. Its amazing the gift God has given to the scientists and their contribution to the world. We should be grateful for their sacrifices. However, one does not need to be a scientist to know the Truth.**

**“Science is based on observation, and the only reliable means of telling the age of anything is by the testimony of a reliable witness who observed the events. The Bible claims to be the communication of the only One who witnessed the events of Creation: the Creator Himself. As such, the Bible is the only reliable means of knowing the age of earth and the cosmos.....**

**Experiments show that conditions mimicking natural forces coal, oil and opals form quickly in months. It does not need millions of years. Carbon - 14 dating in coal, oil and wood and diamonds suggest earth age is thousands of years and clearly contradict ages of millions of years....**

**Human population growth less than 0.5% p. a growth from six people 4500 years ago would produce today’s population. Where are all the people? If we have been here much longer?.... Length of recorded history, origins of various civilizations, writings etc., all about same time several thousands years ago.”<sup>89-1</sup>**

## **Evolution is just a big fat lie - by Pat Franklin**

01/10/2010 ([www.thefreepreeseonline.co.uk](http://www.thefreepreeseonline.co.uk)) - ( an excerpt).

*“Evolution or Creation? Which is it? Are you struggling to find the truth? Are you trying to make the Bible fit in with 'millions of years' of evolution?”*

*“.....It is just so downright dumb. A child could see through it. Scientists are increasingly questioning it these days, as it is not even scientific. First of all, in nature something does not come from nothing, as indeed the First Law of Thermodynamics declares (matter and energy are constant and cannot be created or destroyed). Of course this takes no account of God, who has no problem creating something from nothing. Then there is the Second Law of Thermodynamics, with the concept of entropy, which includes the idea that everything deteriorates over time, whereas evolution theory says that simple organisms form themselves into ever more complex and orderly arrangements.....”.*

*“Animals do not turn into other animals, no matter how much time you give them. It doesn’t happen; it never happened; it is impossible. That is why there are no transitional fossils. Selective breeding, yes, that is scientific fact obviously, but that is *not* evolution. Selective breeding uses the genetic information that exists and selects for certain traits. ....”.*

**“Darwin was convinced that one species could gradually change into another, but he was a Victorian. He lived before knowledge exploded and scientists found out more about how nature really operates. Darwin had no electron microscope, and had never heard of DNA. As Jacob Prasch once said, one nucleus of one cell is far more complicated than the entire electrical system of the space shuttle. Darwin was ignorant of the incredible complexity of our biology. The more scientists find out, the more they realize there is to find out.....”.**

**“The witty creationist Dr. Kent Hovind was speaking at a conference which we attended in Pennsylvania in 2002. He told us that at one debate at an American college, an academic had said: “How can you expect us to believe that 270 (or however many) breeds of dogs all came from just one pair of dogs that came out of the Ark?” Dr. Hovind replied: “You have a bigger problem than I have, because you believe that 270 breeds of dogs came from a rock.” “We don’t say that at all,” objected the academic. “Oh, yes, you do,” said Dr. Hovind, and he took them through the standard evolutionist’s creed: big bang, millions of years, rain falling on rocks, primeval soup forming, slimy critter crawling out, millions more years, bingo – dogs from rocks! The academic slunk off to drown his sorrows in some primeval soup....”.**

**“It is the evolutionists who have the problem, not us (Creationists). No matter how many millions of years we paddle around in the sea, we are not going to grow any gills. And no matter how long we and our descendents might try flapping our arms, we are not going to sprout wings and fly. And if some unfortunate baby were to be born with feathers instead of arms, what a sad day, what a river of tears, what frantic searching for the best surgeon money can buy. Fortunately that will never happen, because our DNA does not contain the information needed for feathers to form, and there is no way nature can add information to our genes. Our genes can lose information, but not gain it. The fact that scientists today are messing with genetics and “creating” monstrosities does not prove evolution; it proves that men are yet again spitting in the face of God. There’s only one Creator and if you try to assume His role, it is going to bounce right back on you. God will not tolerate it for much longer ”.**

**“By the way, did you ever stop to think that the word “pre-historic” is itself a lie? There is no such thing as pre-history. God tells us the history of the whole universe, from Day One, or as much as He cares to divulge at this time. As Dave Hunt points out, we know its history - who made it (God) and how He made it (with words, by speaking) and even**

why (God so loved...). He made it even though He knew what we would be like and all that would happen, but He loved it anyway, and He loves us anyway...”.

But evolution is still true, you might say, because we are getting smarter all the time and we know so much more now. We know more because God has allowed knowledge to increase. The book of the prophet Daniel states in Chapter 12 verse 4: “But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased.” This mainly refers to people in the last days trying to understand Bible prophecy, but it is a great definition of modern life – we *constantly* run to and fro and knowledge *has* increased. We are not getting smarter, but God has allowed us to have greater knowledge. Knowledge puffs up, and it certainly has puffed us up; we think we are really something. Apart from God’s grace, we are nothing. We could not draw one more breath unless He allowed it”.

“As for cavemen, isn’t it interesting that when the coming Great Tribulation devastates the earth, the great men (and women) end up hiding in caves and praying for the rocks to fall on them? God’s little irony, perhaps”.

“One of the wonders of creation that strikes me as proof positive of the existence of God is the phenomenon of the total eclipse of the sun. This happens when the moon completely covers the sun. For a few moments the earth is darkened, and the sun is just a thin fiery circle round the edges of the dark moon. The fact that this can happen *ever*, at *all*, is completely incredible. When you think of the vast distances involved – 270,000 miles to the moon, 93 million miles to the sun – with our earth swinging round the sun, and the moon swinging round our earth, and, lo and behold, at certain times the moon is in *exactly* the right spot to completely cover the sun. It’s impossible! And not only that, but it is *exactly* the right size to blot out the entire sun! Not one centimeter too big; not one centimeter too small; just the right size. If anyone could ever work out the probability of such a celestial event **EVER** happening, I would think the number would be greater than the universe itself. It is **SO** unlikely, so totally impossible that this should **EVER** take place! Yet it does. Once again, the heavens declare the glory of God!”.

“We must make sure our children not only know the truth about creation, but that they are able to refute the lie of evolution. The evidence for creation is here - the incredibly intricate, perfect design of every creature, created by a Being who is infinitely more intelligent than we are. The evolutionists say it all came about by chance. Oh yeah,

sure. Maybe those guys really did come from monkeys, because an intelligent man made in God's image could hardly believe such nonsense. It is just not reasonable. Take heart, folks. We do not have to apologize for believing Genesis literally; it makes perfect sense.....”.

“You would think that the scientists would have chucked Darwin and Co into a black hole by now, but no. A lot of them must know the truth, but they are not about to admit it. It might cost them their jobs, for a start. Also, the research grants would dry up, possibly for millions of years.....”.

“They surely had a wake up call when Mt St Helen's blew its top. I hope it blew some sense into some craniums, for it was like a science demonstration on a mega scale orchestrated by God to show everyone just exactly what power there is in His hand and what one explosion can do. I marveled at one of the pictures in *Creation* magazine[1] showing a man standing in front of a cliff about 200 feet high, full of strata lines of the sort we are told took millions of years to be laid down – all formed in one afternoon when Mt St Helen's burped. I showed this awesome piece of evidence to a geography teacher. *He was not impressed!* Didn't I tell you we were going downhill? He must be one of those beings who descended from apes.....”.

“One last point – bacteria. Evolutionists say that bacteria mutate quickly and that proves evolution. No. Please refer to the work of Dr Jonathan Sarfati on the Creation Ministries International website (*creation.com*), particularly his article “Anthrax and antibiotics: Is evolution relevant?” Thank God for experts like Dr Sarfati who not only know that the Bible is true, but can back it up with science.....”

“I could go on and on about this, but there is a ton of information out there which is readily available. We get *Creation* magazine, which is excellent, and there is a more technical version of it for science buffs. Please subscribe, and get an extra subscription to lend or give away. It is full of readable articles, brilliant photos and graphics and lots of items for children and teens. We urge parents to get *Creation* magazine ([www.creation.com](http://www.creation.com)) for their children, or for the Sunday School. Our daughter at one stage got her school to put a copy in the library. We have occasionally left copies at the doctor's office. Give a subscription to someone for Christmas or their birthday. What a great gift - the truth – there is nothing like it to fill your heart with joy.....”<sup>89a</sup> (There is more to the article. Space doesn't permit)

## **More proof for creationism to disprove evolution**

**“Consider the world population statistics. In 1650 world population was just 500 million. In 1920 it grew up to 2 billion. In 2011 (in just 90 years) it has reached 7 billion. If the world is billions of years old or even millions of years, how much would have been the world population by now?! Same principle applies to technology. From Wright Brothers 1<sup>st</sup> airplane in 1903 with a speed of 11 km/hr to today’s rockets and space shuttle that travel 1000’s of miles an hour in less than 70 years. Where we would have been technologically if the world is billions or even 100’s of thousands of years old !!! Never mind the incredible speed of computers from snail pace to trillions of calculations/second in about 60 years.**

**“A boy once asked his father “Dad, if evolution is true, why do we have monkeys?” That says it, folks.**

**Sir James Ussher was not an ordinary man. He was a genius. He figured out when the world was created. In 4004 B.C. On Oct 23<sup>rd</sup> to be precise. His work “ The Annals of the World” is a masterpiece. In the Bible, Luke Ch.3 gives complete genealogy and has named all the generations from Adam to Jesus Christ. 76 generations for 4,000 years. So from Jesus to present (2,000 years) one can estimate how many years it amounts to . A generation is about 70 years <sup>89-a1</sup>. So, again it does not add up to millions and billions of years. Remember, 1<sup>st</sup> 10 generations from Adam to Noah lived about 900 years each. So, our planet earth is very young.**

**“Bing bang theory says universe came into existence out of nothing and with out God. Same time they say universe is expanding. So it had to have a starting point. Prior to beginning there was nothing. No universe . No matter. No stars. No space. No planets. No vacuum. Nothing. “Nothing” is not a difficult concept to grasp – *it is an impossible one*. Nobody can imagine nothing. Just try! The philosopher Rene Descartes tried to imagine “Nothing”, only to come up with his famous words, *Cogito Ergo Sum*. “ I think, therefore I am”. <sup>89b</sup>**

**“Each living Soul is uniquely and individually planned. Any other possibility defies common sense” <sup>89c</sup>.**

(Please check out the website ([www.raptureforums.com](http://www.raptureforums.com)) for 101 scientific evidences for a young age of earth and universe by Don Batten).

## **Sweetest Voice Ever**

**Listen to the sweetest voice that ever fell into ears of mankind:**

**“Come unto Me (Jesus), all ye that labour and are heavy laden, I will give you rest. Take My yoke upon you and learn of Me; for I am meek and lowly in heart and you shall find rest unto your souls” <sup>90</sup>.**

**A prudent man/woman foresees evil and takes refuge, but the simple pass on and are punished; and he/she that being often reprov'd hardens his neck shall suddenly be destroyed, and that with out remedy <sup>91</sup> . True love is a tough love. Born once - die twice; Born twice - die once. That is why Christ said that you must be born again to see the kingdom of God <sup>92</sup> . "I am come that they might have life and they might have it more abundantly" <sup>93</sup> .**

## **The Ultimate Frontier**

**Nothing in the world is so important as the Salvation of your soul. <sup>94</sup> Life's greatest question is "where will I go when I leave this world". God has not kept us in dark regarding this important matter. The answer is " He that has the Son hath life; and he that hath not the Son of God hath not life, but the wrath of God abideth on him <sup>95</sup> . There is so much error in the world today masquerading as truth. It is the wisest thing to find out the Truth. It will set you free <sup>96</sup> .**

**Do you have an insurance policy for eternity? Or you are like Joe and Mary who neglected to take home insurance and lost every thing in the fire except their lives. It is only a trivial example compared to your soul in eternity. And whosoever was not found written in the Book of Life was cast into the lake of fire and shall be tormented day and night for ever and ever <sup>97</sup> . Your belief or unbelief does not affect the truth, but your belief or unbelief will affect your life now and in all eternity.**

## **The Remedy**

**What every person needs is, not turn a new page, not a new year resolution or behaviour modification. You know how ineffective those things are. What every person needs is change of heart. Jesus Christ is the only One who can do it. Inside out. A U turn. You can prove it to yourself if you let Him. If any one is in Christ, he is a new creature <sup>98</sup> . Christianity , said Martin Luther, " Is a religion of personal pronouns. It is not, we are all sinners, but I am a sinner, It is not Jesus is "a" saviour, but Jesus is " my " Saviour " .**

**He definitely has a plan for you. And it is in His plan that you will find your firmest purpose, deepest fulfillment and highest joy <sup>99</sup> . God is even willing to heal our polluted and sick ridden planet. Listen to what God says in the book of 2<sup>nd</sup> Chronicles 7:14, " If my people which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then I will hear from heaven , and will forgive their sin, and will heal their land"<sup>99a</sup> . If people turn to God there will be a great Revival which will change the world and this world will be blessed. It has happened many times before in history in various parts of the world. When man's heart is changed most problems will disappear into thin air. There is nothing that God can't do. That's how you change the world. Nothing else will work in the long run. But I am afraid most men and women will not do it because of their stiff neck and arrogance. "...and they blasphemed the name of God...and repented not....." <sup>99-a1</sup> . Instead of humbling before his Creator he shakes his fist against God and spits on His face. Just like they did 2000 years ago <sup>99b</sup> . Some do openly and some with their actions and silence.**

**We have tried everything. Have n't we?. We are only getting into deeper hole. No wonder Bible says " Except the Lord build the house, they labour in vain that build it: Except the Lord keep the city , the watchman waketh but in vain <sup>99-ba</sup> . There have been over 336 armed conflicts since UN was**

established and more than 3 dozen conflicts are going on in the world at any given time <sup>99b-1</sup>. There is so much talk about peace in the world today. The Bible says “While they are saying peace and safety and sudden destruction will come upon them and they will not escape” <sup>99c</sup>. “The answer to man’s need will never be found in technological breakthrough, political change or social evolutions. Earth needs can be only answered by heaven’s resources ” <sup>99d</sup> .

“The Bible, God’s inspired Word, is the only conclusive source of wisdom, knowledge and understanding of ultimate reality. It is a fountainhead of truth and gold mine of practical principles waiting to liberate and enrich the person who will pursue it’s truth and wealth. All of us are too inexperienced to try to make it through life with out a guide. God’s Word is that guide. The Word of God is the basis for all successful family relationship whether with the parents, siblings or spouse”. “.....what are we to do when we face a challenge in our family? We apply the Word, and watch the Lord turn the situation into His Glory” <sup>99e</sup>.

All one has to do is believe in the historical fact and come to God in faith and repentance <sup>100</sup>. Jesus is who He said He is. He said I and My Father are One. Let those words Faith and Repentance not throw you off the track. Would you swim across the Atlantic or board a plane and trust some one else to take you over there? If your banker is going to lend you money, who has the right to dictate terms? The banker of course. How much more the Heavenly Banker? Thus God and man can be reconciled <sup>101</sup>. This is the greatest news. This is the New Birth Christ is talking about <sup>102</sup>. It is not enough being religious, every body is, in their own way. The Devil also believes in God and tremble <sup>103</sup>. Jesus said to Nicodemus who had religion up to his finger tips “.....Except a man be born again , he cannot enter into the Kingdom of God <sup>103-1</sup> .

Sincerity will not do. CO2 wrongly labelled O2 was administered to a patient in N.Y hospital, death resulted instantly. The manufacturer, anaesthetist, surgeon, certainly the patient was sincere <sup>103a</sup>. You get the point. It is the Relationship that counts <sup>104</sup> . Do you have a relationship with the God of the Universe? You can. By simple faith. With out faith we cannot please God <sup>105</sup> . Faith in the historical Person, not a leap into the dark, Virgin Born, Perfect Lamb of God with out sin <sup>106</sup> , Who made atonement of Himself for you and me to appease God’s wrath to reconcile God and man, rose from the dead, ascended up to heaven and coming back again to receive His followers to Himself and to execute judgement on those who are not true believers in Him <sup>107</sup>. not as a Babe in the manger <sup>108</sup> but as a King of kings and Lord of lords, the Day or the Hour you know not, like a thief in the night <sup>109</sup>. “He that is not with Me is against Me” <sup>110</sup>. There fore **BE READY AND WATCHING** <sup>111</sup>.

## In All Honesty

“Some would tell us that there are many ways to God. Each religion seeks to provide a way for its followers to a meaningful life after-life. Friend, if there is another way for you or I to find forgiveness and peace with God our Creator, then you must in all honesty make two important conclusions about God. One, our Creator made a tragic mistake by sending His Son to die for us as a ransom, because people

could simply find other ways. If there are other ways, then the death of His Son was unnecessary. Two, you would have to conclude that God did not know about these other ways. But then how could He be God? Friend, God said “ Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved”.<sup>111a</sup>

“ In a world with out moral absolute this sounds narrow minded.... What is the test of religious truth? It is the resurrection from the dead. The historical proof of Jesus’ resurrection is unshakable. When the issue is life or death, narrow mindedness is essential. Who wants “broad-minded brain surgeon or an airline pilot...?”<sup>111b</sup>.

## **Spiritual Growth**

This belief in Jesus Christ and the commitment to Him through the power of the Spirit of God given to us at the time of the New Birth takes on a course of it’s own in your life like a seed planted in good ground producing beautiful tree and good fruit<sup>112</sup>. You will not be applauded by the world for the changes in your life. In fact Christ warns that it is a narrow road that leads to eternal life, not a broad road that leads to eternal hell<sup>112a</sup>. But God’s forgiveness and His favour which produce true peace and joy in your heart and eternal life will be yours for ever<sup>113</sup>. If you believe the Word of God and have decided to start a new beginning with God, then you are a child of God. You are a new born babe in the Lord<sup>114</sup>. You need to grow up to a mature adult spiritually by reading, studying God’s word, praying and fellowshiping with other believers<sup>115</sup>. You will definitely have a hunger and thirst to do these things. Now you are on the way to heaven<sup>116</sup>. Nothing can change this status. Not even God because He will not. Once you are sealed by God through his Holy Spirit at the time of New Birth, nothing can separate you from the love of God<sup>116a</sup>. “ ...neither shall any man pluck them out My hand”<sup>116b</sup>.

It is the most exciting journey<sup>117</sup>. Nothing like it<sup>118</sup>. It does n’t mean life will be rosy<sup>119</sup>. It means that He will be with you till the end to help and guide you in your new found journey of life<sup>120</sup>. He (Holy Spirit) who is in us is greater than who (Satan) is in the world<sup>120a</sup>. No more worry about the death, judgement or problems<sup>121</sup>. Instead you will hear from the Lord when you meet Him “Well done faithful servant, come into My glory.... ....”<sup>122</sup>. Is there a better or greater goal in life than to hear those words and get rewarded with crowns? <sup>123</sup>. Remember, no one can live a Christian life by himself. God’s Holy Spirit is the driving engine in a believer’s life to help accomplish this life, as we depend upon Him.

## **This Is Not politically Correct**

Talking about life after death or Salvation is not “politically correct” or a popular subject. But you have been reminded once again from the Word of God.

“There is a story about a smart parrot who was not “politically correct”. According to the story, a favourite tourist shop had the famed parrot perched at the front of the store, and the parrot would greet each customer with whatever was on his mind. One day, a rough looking character walked in, and the parrot took a look at the man and squawked, “ You are the ugliest man I have ever seen!” Greatly offended, the customer complained to the store manager, who promptly grabbed the parrot, took him out back, and

roughed him up, hoping to teach him some manners that were more “politically correct”. The duly chastened parrot was placed back on his perch. In a little while, the offended customer prepared to leave the store, and as he walked past the parrot, the bird eyed him and said, “I can’t say it...but you know!”

Many people know and understand truth but are afraid to say it for fear of being “roughed up” by the politically correct crowd in various institutions and places. I am reminded of a well known passage in the Bible: “And ye shall know the truth, and the truth shall make you free” <sup>123a</sup>.

My friends, an unsaved person must realise that he/she is hanging like a Sword of Damocles over a burning hell. “The most devastating decision you ever make is to reject Christ as your Saviour. In other words to die with out Christ is the worse thing that could happen to you. By doing that you have thrown away all hope of eternal life”.

### Exhortation

**“Look at the Cross of Calvary where Jesus suffered the most agonizing death to save sinners like you and me. You will see how much He loved you. He had you and me in mind when He went to the cross”**. Accepting this in your heart and living for Him is The Great Escape from the curse of sin and eternal damnation.

### **It is a solemn moment for you.**

“How shall we escape, if we neglect So Great Salvation?” <sup>124</sup>. God gave it all <sup>125</sup>. A medicine that sits on the shelf does not cure you. You have to take it. God is love and is good all the time <sup>126</sup>. No question about that. But He is also a consuming fire and His patience will run out one day <sup>127</sup>. My Spirit shall not always strive with man for ever...<sup>127a</sup>. **Therefore knowing the terror of the Lord we persuade men and women** <sup>128</sup>. God will not force us as slaves to move against our will <sup>129</sup>. If you reject Jesus Christ as your Lord and Saviour, then God has nothing left to offer you. God says do it now <sup>130</sup>. Devil says do it later <sup>131</sup>.

“There is only one life that soon be passed, what is done for Christ will only last”. “If you have everything but Christ, you have nothing, if you have nothing and have Christ, you have everything. “Death is the gateway to eternal heaven for those who believe and gateway to eternal hell for those who do not believe the Truth (Jesus Christ)”.

The Unpardonable Sin is not what is done by Adolf Hitler, Stalin, Mao or Pol Pot who eliminated over 100 million people from the face of the earth or atom bomb on Japan <sup>132</sup>. It is the rejection of the prompting of the Holy Spirit of God to come to God (*blasphemy in a true sense*). He / she is not believed on Him is condemned already <sup>133</sup>.

### **Much Gain & Much Loss. To Be Or Not To Be. That is the ?**

“Greater battles are fought with in the confines of the human breast than ever waged at historic Gettysburg or Normandy ”.

**“Behold, I set before you this day a blessing and a curse”<sup>133a</sup> . I pray that you choose the right one. He that has an ear, let him hear..... <sup>134</sup> .“**

**If I don't meet you again, I hope to meet you in Eternity, the one that is heavenly not because of anything that I have done but what Christ has done for me <sup>135</sup>. Eye has not seen, ear has not heard ....nor entered into any one's heart the things which God has prepared for them that love Him<sup>136</sup>.**

**When Andre Vaillaincourt retired he gave us some advise. And I quote. “ I would like to leave you now with a few words of inspiration. Words to live by – “ More than any time in history, human kind faces a crossroads. One road leads to despair and utter hopelessness. While the other road leads to total extinction. Let us all pray that we will have the wisdom to choose correctly ” <sup>136a</sup>.**

**Yes it is true. Praying sincerely to the only God of the universe is a start. But God has already given us the solution. There is Hope, real Hope, Wisdom, Grace and Strength in this life for all those who want it and Eternal life in the next. The Bible. Read it, study it and prove to yourself. We will come to the brink of total annihilation <sup>136b</sup>. But man will not destroy earth. He does n't have the authority.**

**“What is Bible? Bible (*biblio*, means scrolls or rolls) has been attacked as no other book has ever been attacked,( *yet it is the best read book in the world*). Voltaire said “ In 100 years from my day, there will not be a Bible in the earth”. His house is now a Bible distribution centre. *Coincidence?* A book of this nature with this tremendous impact certainly deserves intelligent consideration. There is only one book for any man who is dying or living. It is the only book that can enable to meet emergencies and cushion the shock that comes to us in life. Bible is different from any other book. An African Prince asked Queen Victoria “ What is the secret of England's greatness?”. The Queen showed the Bible. I wonder England's decline to even to a third rate nation is tied up in the fact that England has gotten away from the Word of God. (*North America is any different?*) Prime Minister Gladstone, one of the greatest legal minds in Britain said “ the Gospel can and will correct everything”. Michael Faraday said “ Why will people go astray when they have this blessed book of God to guide them?”. Thomas Jefferson said “ Studious perusal of the sacred volume will make better citizens, better husbands and better fathers. (*Same for women*). Daniel Webster stated “ If there be anything in my style or thoughts to be commented, the credit is due to my kind parents for instilling in my mind an early love of the scripture”.**

**“Born in the East and clothed in Oriental form and imagery, the Bible walks the ways of all world with familiar feet, and enters land after land to find its own everywhere. It has learned to speak in hundreds of languages to the heart of man. It comes to the palace to tell the monarch that he is a servant of the Most High, and to the cottage to assure the peasant that he is the son of God. Children listen to it's stories with wonder and delight, and wise men ponder them as parables of life. It has a word of peace for the time of peril, a word of comfort for the time of calamity, a word of light for the hour of darkness. Its oracles are repeated in the assembly of the people, and its counsels whispered in the ear of the lonely. The wicked and the proud tremble at its warning, but to the wounded and the penitent it has a mother's voice. The wilderness and the solitary place have been made glad by it, and the fire on the hearth has lit the reading of its well-worn pages. It**

has woven itself into our dearest dreams; so that love, friendship, sympathy and devotion, memory and hope put on the beautiful garments of its treasured speech, breathing of frankincense and myrrh ”.

“It has a dual authorship – God and man. Actually Bible was written by about 40 authors over a period of 1500 years (*from around 1500 B.C , time of Moses to about 100 A.D*). Some of these men never heard of others, yet there is no collusion among the forty; (*and the harmony between the books is amazing*). It is a book written by men from all walks of life Prince, pauper, highly intellectual and very simple. In the Bible “ God Says ” 2500 times. It is God’s communication to man, His love letter to mankind. It speaks to mankind today, is a corridor between two eternities down which walks the Christ of God. The Old Testament is summed up in the Word Christ. The New Testament is summed up in the Word Jesus. Preservation (*from 1500 B.C*), Archaeology (*many, many items discovered*) Fulfilled prophecies (*in 100’s*), Transformed lives , Spirit of God making it real, Revelation (*the only way to know the unknown past*), Inspiration (*God breathed*) are proof that Bible is from God”.

Mark Twain said “ He was not disturbed by what he did not understand in the Bible, what worried him were the things he understands”. **Pascal said “Human knowledge must be understood to be loved but Divine knowledge must be loved to be understood”**. The basic principle of understanding Bible is “ When plain sense of Scripture makes common sense, seek no other sense unless fact of the immediate context ...studied in the light of related passages indicate clearly otherwise.” The Bible cannot be understood unless the Holy Spirit is the instructor.”

“This Book contains the mind of God, the state of man, the way of Salvation, the doom of sinners and happiness of believers. Its doctrines are holy, its precepts are binding, its histories are true, and its decisions are immutable. Read it to be wise, believe it to be safe and practice it to be holy. It contains light to direct you, food to support you and comfort to cheer you. It is the traveller’s map, the pilgrim’s staff, the pilot’s compass, the soldiers sword and the Christian’s character. Here paradise is restored, heaven opened and gates of hell disclosed. Christ is its grand object, our good is its design and the glory of God is its end. It should fill the memory, rule the heart, and guide the feet. Read it slowly, frequently, and prayerfully. It is given you in life and will be opened in the judgement and will be remembered for ever. It involves the highest responsibility, will reward the greatest labour, and condemn all who trifle with its sacred contents” <sup>137</sup>.

## **\*\*Some Eye Opening Facts You Should Know.**

A word of caution is highly important here. After all we work for the Environment and we should know the truth. If you didn't know this before, you are in for a rough ride. But hang on to your seat.

### **Deception – signs of the time –**

**(conti. from “40 Irrefutable Signs of Last Generation” by Dr. Noah Hutchings).**

**“Paul Joseph Goebbels, the propaganda front person for Adolf Hitler and a violent anti-Semitic responsible for the methodical extermination of Jews in Germany, based his effectiveness on the proposition that the bigger the lie and the more often it was repeated, the greater the percentage of masses who would believe it.....”**

**“ In recent years local, national and international politicians have formulated a new standard for truth that is now accepted as the worldview of credibility. If a stated policy or fact (true or false) is accepted to be good for the environment, economy or the military or political security, or betterment of the world, whether real or fantasy, then that idea, statement or fact as stated is promoted by governments and the news media as the truth standard. If a lie advances a cause supposedly good for people, then that lie becomes truth.**

**The United Nations came up with the idea in order to present a common enemy of the mankind , a cause in which peoples of all races, nations, languages, and different political beliefs would unite to fight. This common enemy would present an imminent danger and energize the entire population of the world to sacrifice freedom, money, and property to attack it. Quoting from *The First Global Revolution*:**

**“In search for a common enemy against whom we can unite, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like, would fit the bill...a common threat which must be confronted by everyone together”.**

**This was decided at the U.N. Conference on Environment and Development in Brazil, 1992 and the report issued by the Club of Rome in 1993. While President Bush was not gullible to swallow this scam, the Clintons did, and this lie became a platform for the Democratic Party.**

**The scam was that earth was warming up so rapidly that the ice in the Arctic Ocean would melt and cities like Houston, Los Angeles, San Francisco would be submerged under fifty feet of water. All the ice in the poles is simply frozen water. You can put an ice cube in a glass and mark the level of the water, and when the ice cube melts, the level is the same. If the ice at the poles would melt, it would be a good thing. In the Middle Ages, Greenland was green, which is why it was called Greenland in the first place. Temperatures were much higher then than now. You can check the high and low temperatures for the fifty states for the past hundred years and you will find the majority of high temperatures occurred before 1950, and majority of low temperatures came after 1950.**

**Barack Obama gobbled up the so- called global warming scam as a major platform and political cause, with stern warning and countenance telling the American people over the television that they must elect him to put in a CO2 cap – and- trade policy or we would be doomed.**

**In the first place, there is no global warming, and in the second place, no heat comes from CO2 – zilch, zip, nothing. Heat comes from the sun, and the fusion atomic process on the sun varies in different years; some years are colder than others. CO2 is vital gas. Plants take CO2 and make foliage, fruits, nuts and vegetables. The more CO2, the more food we have. In place of the CO2 the plants take out of the atmosphere, they put back in oxygen. We breathe in the oxygen and give the plants back their needed CO2. CO2 comprises only from 280 to 385 parts per million, and 97 percent of that comes from the ocean. Of the remaining 3 percent, 2 percent comes from the decay and non-human animal activity. A recent study at Harvard concluded that we really need to increase that percentage to at least 1,000 parts per million, or increase it by at least four times what we have now. Instead Obama administration is spending millions of dollars trying to pump CO2 back into the oceans and building huge windmill complexes that have to be sustained by tax payer money. In addition, there are plans to install smart meters to control our usage of energy, even though they won't let the states develop oil wells or coal mines with enough energy to last for thousands of years.**

**Over 31,000 scientists (including 9021 with PhDs) have signed a petition documenting that “ global warming “ is a scam. (*It is on the internet.- Google - scientists against global warming*). The international Geological Association says it is not only a scam, but also insanity. They bring out CO2 (carbon dioxide) was poisonous, all the theaters and sports stadiums would have to be closed down. One of our trustees, Dr. Edward Blick, who was an Air Force weatherman and a scientist at the University of Oklahoma for forty years, has written two books proving it to be a lie for political purposes. He writes that if we could increase CO2 by just 1 percent, there would an 8 percent increase in fruits, vegetable and nuts. Unfortunately the global warming liars confuse people into thinking that CO2 is *carbon monoxide*. Dr. Blick concludes his book titled the Global Warming Myth with the following statement:**

**“United nations politicians, while admitting their lack of evidence, gave birth and nurtured the fraud of *Anthropogenic Global warming*. Their purpose is to frighten people into accepting the U.N. as the “ centerpiece of democratic global governance” and let the U.N. ration our fossil fuel. In this volume, their data is exposed as false. That CO2 affects weather or climate is scientifically impossible. We need more, not less. God rules the climate, not man ”.**

**It is amazing that in this enlightened and scientific age that majority would believe this seemingly unbelievable lie. This is why the world is going to accept Antichrist, who will appear on world television,”....whose coming is after the working of Satan with all power and signs and LYING wonders” (2 Thess. 2:9). *This is the one whom Jesus spoke about. “ I came in My Fathers name and ye receive Me not: If another one shall come in his own name, him ye will receive (John 5:43). The Antichrist could be in the world today, and this must be the last generation before the Lord returns.” Those who have ears, let him hear.* (Italic statements are mine)**

## **The following is an excerpt from 2 excellent articles written by Dr. Edward Blick.**

- 1.) The Religion of Global Warming.**
- 2.) Global Warming – UN’s Trojan Horse.**

(Dr. Edward F. Blick , Ph.D, has been a professor aerospace and a professor of mechanical and nuclear engineering at the University of Okalahoma from 1959 to 1981. From 1981 to 1992, he served at the same institution as a professor of petroleum and geological engineering, and also served as adjunct in the School of Meteorology and an adjunct professor in the College of Medicine. From 1951 – ’54 he was US Air Force weatherman, providing weather information for A-bomb and H-bomb tests. He has written some 150 scientific articles and publications, and has authored an engineering textbook and co-authored another engineering textbook. He worked on the project Mercury at NASA, helped with the development of the F4 fighter. He is more than qualified to address the subject in this month’s Prophetic Observer. (July 2007. vol. 14, No.7 & Aug. 2008. vol.15. No.8 from [www.swrc.com](http://www.swrc.com)). 1-800-652-1144

**(Part 1.)**

**“ While the earth remains, seed time and harvest, and cold and heat, and summer and winter, and day and night shall not cease.” Genesis 8:22**

**“Al Gore has replaced God in at least one California hotel. The Gaia Napa Valley Hotel has replaced the Gideon Bible on night stands with Al Gores book, *An inconvenient Truth*. The same rooms have waterless urinals installed. How fitting! In mythology, Gaia is the goddess of the earth who gave birth to a son, with whom she later committed incest and gave birth to other son-gods. Is there any doubt that global warming environmentalism is a religion?**

**The predecessors of today’s unbelievers replaced the Holy Bible with Darwinism. Now with help of Al Gore and United Nations they are trying to**

**replace the book of Revelation with anthropogenic global warming hysteria. They tell us that man's use of fossil fuels have put too much carbon dioxide (CO2) into the atmosphere which causes excessive warming and melting of polar ice caps. They say if we don't raise taxes for this (trillions of dollars of taxes, year after year after year), we will either be roasted to death or drown in the rising seas. The plan is for the U.N to take control of the world and dictate what we can eat, where we can live, and what industries we must shut down. This whole scheme is a Trojan horse for global socialism!**

**Climate change activists have a message, but it is not from The Bible. Basically it is about destroying our modern industry and worshipping the creation instead of the creator God. Environmental religion is at least 4,000 years old. God warns us over and over not to worship false idols. We are not to worship trees, stars, the sun, spotted owls and worms etc. Global warming is hatred against humanity. They would like to transform America into a natural environment, like the Indians had, where one million human beings could survive. Sorry fellows.....299 million Americans will have to go! They want to eliminate using oil, coal and natural gas. But you can't run cars, steel mills, rail roads and chemical plants on solar panels and wind mills. If you accept for the sake of argument that humans can only survive by CO2 free energy, that leaves only nuclear energy. But These same environmentalists destroyed the nuclear power energy program in America 30 years ago.**

**.....They tell us we must stop consuming meat and dairy products. Why? Because animals produce 18% of the world's greenhouse gas emissions (*manure & flatulence*).**

**Is there any solid evidence the earth is warming due to man's use of fossil fuels putting excessive amounts of CO2 in our atmosphere? The answer is resounding NO!. Even the U.N. admitted in a 1995 chart that earth temperatures during past several decades were not warm as back in the medieval warm period of A.D. 1000 – 1400. During this period, grapes were grown in England (today it is too cool), the Vikings had farmland in Greenland, and Andes had no glaciers.**

**An excellent book for those interested in this subject is *The Politically Incorrect Guide to Global Warming and Environmentalism* by Christopher C. Horner, a senior fellow at the Competitive Enterprise Institute. The book is full of interesting information rebutting Al Gore's message of global disaster.....At current rate (0.05 mm / year) it would take 1000 years to rise 2 inches. Al Gore predicted a rise of 20 feet by A.D. 2100! Another mystery for Al's disciples is that the northern and southern hemisphere have about the same amount of CO2 since 1970, but southern hemisphere has experienced no warming compared to northern. If CO2 were the cause of warming they should both warm the same.**

**There is a dearth of record high temperatures this past 50 years. In fact North Dakota is the only U.S state to experience its record high since 1996. There were 25 states that had their record high temperatures in the 1930s. why is there any global warming hysteria now? May be there should have been some in the 1930s! Hurricanes are not more common during these last 45 years. Not a single hurricane hit the U.S in 2006. Polar bears are not dying off in Canada. Eleven of 13 regions in Canada show an increase in population.**

**There is some evidence that we've had almost no warming of the earth since the late 1800s and found they gave slightly lower reading. There is a "heat island" effect in large cities. They are covered with lots of concrete, asphalt, brick and heat sources. They absorb and hold more heat than rural areas with grass and trees. Hence, they record higher temperatures than the surrounding rural areas. ....**

**The amount of CO<sub>2</sub> man puts into the atmosphere each year is about 3 billion tons per year. But this is insignificant compared to the 39,000 billion tons coming from our oceans, 2,200 billion tons from our vegetation and soils, and 750 billion tons from our atmosphere. Much of the CO<sub>2</sub> generated by man is consumed by vegetation. Famous climatologist Dr. Reid Bryson has stated you could go out side and spit and have the same effect as doubling carbon dioxide! .....**

**For thousands of years our earth has undergone cooling and warming under the control of God. Man cannot control the weather, but he can kill millions of people in his vain attempt to control it by limiting or eliminating the fuel that we use. How does God control our warming and cooling? Scientists have discovered that it is the sun! Amazing! Even grade school children know this. The sun's warming or cooling varies with sunspots. This relation was discovered in 1801 by an astronomer named William Hershel, who discovered that when the sunspot activity was high, the price of wheat fell. When the sunspot activity was low the price of wheat rose. High sunspot activity is associated with the increase in warming from the sun and a higher yield of wheat which depresses the price and vice versa. Scientists have done a detailed study of the earth's temperature and sunspots going back hundreds of years. They discovered an extremely close relation between the sunspot activity and the earth's temperature. For example, during the Little Ice Age period from about A.D. 1500 until 1900, sunspot activity was very low and much cooler temperatures were recorded. The English were ice skating on the river Thames.....**

**During the month of May 2007, South America saw their late fall and start of winter hammered with much colder weather and snow in places that haven't seen in many years. Maybe this is God's way of reminding Al Gore and his Oscar that he doesn't know what he is talking about.  
.....The book of Job makes clear that God alone controls the unpredictable changes in weather.....(Job 36:27-28).....We must not let Al Gore and the U.N. to even try!**

**Who are the people behind the religion of global warming?**

**Maurice Strong, a pioneer of the New Age movement, helped to ignite today's Green movement. He was a senior advisor to Kofi Annan. He was responsible for setting up the Kyoto Protocol. He has stated the only way to save the world is for industrial civilization to collapse, deliberately seek poverty, and set the levels of mortality control.**

**Timothy Wirth, former undersecretary of state in the Clinton administration stated, " We have to ride the theory of global warming even if it is wrong!"**

**Richard Benedict, former special advisor to Kofi Annan stated, "A global warming treaty must be implemented even if there is no evidence of global warming."**

**Dr. James Hansen is known as the father of global warming. He is Al Gores advisor. The national media depicts him as an objective, non-partisan scientist. But he has admitted that he was willing to exaggerate science in order to get public attention.....He forecast how much the U.S. would warm in the 1990s, but he was too high by a factor of three. Hansen was not trained in climatology, but rather in astronomy and chemistry.**

**Liv Arnesen, a disciple of Al Gore, attempted to prove the ice was melting in our arctic polar region by pulling a sledge to the North Pole. In March 2007 she left Ward Hunt Island in Canada for her 530- mile journey. Three days later she had to quit because of the cold and frozen toes!.....**

*(Dr. Blick has mentioned here names of many U.S. senators and other powerful people who are actively involved in promoting global warming hysteria – space does not permit).*

**Global warming alarmist Al Gore has praised the work of Prof. Paul Ehrlich calling Ehrlich’s work the “prescription” for our global woes. Ehrlich has promoted population control and described human population growth as “cancer”.**

**An analysis carried out by citizens for a sound economy (CSE) showed that 90 percent of the 2,600 “scientists” that Gore offers up as evidence of scientific consensus on global warming were not qualified. Only one was a climatologist! Among the so called experts were a plastic surgeon, two landscape architects, one hotel administrator, a gynecologist, seven linguists, and one traditional Chinese medicine practitioner!**

**The following are some of the errors in Gore’s film, *An Inconvenient Truth*, or as called by some, “ A Convenient Lie” .....**

*(Dr. Blick has scientifically refuted Al Gore’s 15 claims here – space does not permit – You may obtain complete News Letter from [www. swrc.com](http://www.swrc.com))*

**Al Gore should take the hint and pray for forgiveness and take off his false prophet robes.**

**The arrogance of the U.N. is unbelievable. Former chief of the U.N. World Health Organization, socialist, and former prime minister of Norway, Dr. Harlem Bruntland declares the climate change debate is over. She stated on May 11,2007, that the diagnosis is clear, the science is unequivocal immoral to even question the issue.**

**Dr. Reid Bryson, a climate icon with scores of honors in atmospheric science, does not believe the debate is over. When asked about the computer models used to forecast long-range climate data, he answered with, “Do you believe in five-day weather forecast?”, Bryson stated, CO2 always lags temperature changes.” (Attention, Al Gore!). He also pointed out that from the tenth to the thirteen century, Greenland was green. Old Viking farmlands are covered with ice. “ Eighty percent of the heat radiated back from the earth surface is absorbed in the first 30 feet of water vapor. Eight hundreds of 1 percent is absorbed by CO2...or one thousandth as important as water vapor. You can go out side and spit and have the same effect as doubling carbon dioxide.” Yet our brilliant Supreme Court (who have morphed into climatologists) has ruled out that there is a “consensus that global warming is a reality”!**

**Christopher Monckton is the former science advisor to British prime minister Margaret Thatcher. In an article entitled “ Climate Chaos? Don’t Believe It,” published in the *Sunday Telegraph* (5/11/06), he stated that scores of scientific papers show a medieval warm period of up to 3C existed from A.D. 1050-1300. It wasn’t CO<sub>2</sub> that caused the warming; it was the sun. The Antarctic, which holds 90 percent of the world’s ice and most of the 160,000 glaciers, has cooled and gained ice mass. The snow of the Kilimanjaro are vanishing not because the summit temperature is rising (it isn’t), but because post –colonial deforestation has dried the air. The U.N.’s computer models are full of purposeful errors that result in climate chaos!**

**Man cannot predict the weather beyond four or five days, let alone 100 years. Yet we have been continually bombarded by alarmist headlines predicting doom and gloom from the future weather changes. Consider the four climate disasters predicted by the *New York Times* in the last 110 years..... (summarized – in 1895, 1933, 1974, & 2005-.It did not happen).**

**CO<sub>2</sub> is not poison, and it is not our enemy. CO<sub>2</sub> and oxygen are the twin gases of life. Humans and animals breathe in oxygen and breathe out CO<sub>2</sub>. Plants breathe in CO<sub>2</sub> and make carbohydrates and breathe out oxygen. We help the plants and they help us. God knew what He was doing with this arrangement. Researchers have run experiments where CO<sub>2</sub> was approximately double from 280 ppm to 600 ppm, and increase in wheat, oranges and pine trees ranged from 41 percent to 265 percent. If Al Gore’s effort to decrease our available CO<sub>2</sub> are successful, we can expect to see a drop in our food production.”**

**The more carbon dioxide in the atmosphere, the more abundant and bigger the plant life, which will use more CO<sub>2</sub> and balance the ratio of oxygen to carbon dioxide again. This is the way God created environmental control, and with out Al Gore’s help. When temperatures rise on the earth, there is a corresponding rise on Mars, which proves we should be more concerned about sun activity than with flatulent cows or our neighbor’s SUV. There aren’t many SUVs or pooping cows on Mars. In February 2006 the Evangelical Climate Initiative (ECI) was established to involve the church in global warming hysteria. Heading the list of 86 prominent Christian endorsers was Purpose Driven pope, Dr. Rick Warren. While it is certainly true that God created man with the responsibility to take care of His garden here on earth, we know from the very beginning the devil has been around to deceive us. The religion of “global warming” is just another one of Stan’s lies. ”**

## ***(Part 2).....U.N’s Trojan Horse***

**“The U.N, like Hitler, believes if you tell a lie often enough, people will believe it. All responsible citizens wish to leave this world a cleaner, healthier place. But they should not be subjected to the UN’s mass delusions of “environmental extremism.” Many people are starting to realize that much of what they have been told about man made global warming by government, by the United Nations, by Al Gore, and by crusading celebrities is simply wrong.**

**In the 20<sup>th</sup> century, 1930s were the hottest years. These temperature records dispel the hoax of man-made global warming. During the 20<sup>th</sup> century the Earth warmed up about 0.6°C. This warming correlated with the increase in solar activity as we were coming out of the Little Ice age. Astronomers have**

**discovered that Jupiter, Mars, Saturn, Neptune and Pluto all warmed up in the 20<sup>th</sup> century because of increased solar activity. Our SUV couldn't have caused that. A miniscule amount of heating (0.05<sup>o</sup> C) was due to man burning fossil fuels (Archibald, 2008).**

**Since 1998, global warming has taken a vacation. We've had global cooling from reduced sun-spot activity (Archibald, 2008). The embarrassed environmental activists have changed their rants from man-made "global warming" to man-made "climate change". The environmental wackos attempt to defend their junk science by saying this "science is settled"! As a scientist, I can tell you that nothing in science is ever settled!**

**There is surprising similarities between environmental extremism and another false religion, Darwinism. Darwin rejected God as creator of all things; he worshiped instead the creation. Darwinism, in essence, states that your great great ...great grandmother was a gorilla. It is a 150-year-old theory with no science to support it.**

**Similarly, environmental extremism is a religion with no scientific evidence to support it. Their aim is to destroy industry. Many converts are misanthropic fanatics. Man is bad; polar bears are good!. It is even taught in grade schools. Kids are shown Al Gore's sci-fi horror film , and then have nightmares about being drowned in rising oceans due to man's sin of burning fossil fuels. A judge in England recently banned showing of Gore's film in schools because of large number of scientific errors!**

**The mass hysteria about global warming due to the burning of fossil fuels has reached the point where professors and professionals are terminated if they don't express allegiance to the god of climate extremism (i.e. Dr. Hendrix Tennekes, director of research at the Royal Netherlands Meteorological Institute and Oregon State climatologist George Taylor).**

**I taught "turbulence" to engineering and meteorology students at Oklahoma University using Tennekes' text book. In the last seven years, our government has given over \$29 billion to professors (more than was spent on Apollo program) to investigate this junk science. Why didn't we use it to drill for more oil or convert coal to oil?**

**What is the motivation of the scare? Why did so many other wise intelligent people accept or even promote the scare? Primarily it originated in the UN with Socialist Maurice Strong. He has been the UN high priest of environmentalism going back as far as UN Secretary-General U Thant (a Burmese Marxist). Strong has been mixed up in many UN scandals, including the notorious Iraqi " Oil for Food". He is an enemy of our way of life, and is the mentor of the "Talking Dummy" – Al Gore.**

**Strong is a leader in New Age Religion, which worships Gaia, the Earth-mother. ....Global warming is a religion, not a science! At this conference (1992 Rio de Janeiro) Strong stated, "The Earth Summit will play an important role in reforming and strengthening the *UN as the centerpiece of the emerging system of democratic global governance*".**

**It is rumored that Maurice strong and his group wrote Al Gore's first book, then handed Gore the book, told him to read it, and show up at his book signing. I don't know if this is true. However, consider this: Gore is a**

**politician, not a scientist. He flunked out of Vanderbilt's divinity school. Of his two natural science courses in college, he made a "D" in one and "C+" in the other. It is highly doubtful that non-scientist like Gore could write a cleverly crafted science-fiction book, and he ducks all challenges to debate global warming. You decide.**

Strong and the UN set up the 1997 Kyoto conference on global warming, where all countries were urged to sign a treaty to reduce their CO<sub>2</sub> output in order to save the planet. China, India and the U.S refused (hooray!). Most of the Europe joined, but have done little in the way of lowering their CO<sub>2</sub> output. *National Review* (9/1/97) quoted Strong, "***The only way of saving the world may be for industrial civilization to collapse, deliberately seek poverty, and set levels of mortality.***" Strong has been an advisor to Bill and Hillary Clinton. Timothy Wirth, Clinton's undersecretary of state, stated, "***We have to ride the theory of global warming even if it is wrong.***" Richard Benedict, a former advisor to Kofi Annan stated, "***A global warming treaty must be implemented even if there is no evidence of global warming.***" Are you getting the picture?

Dr. James Hansen, on June 23, 2008, asked the congress to try "big oil" leaders for the high crime of doubting global warming! He is one of the Gore's advisors and a media darling depicted as non-partisan scientist. But his immense arrogance is dwarfed by his great dishonesty. He has *admitted he is willing to exaggerate science in order to get public attention.* He is director of NASA's GISS lab, which keeps track of global temperatures. He has been accused of "cooking the temperature books" in order to boost the global warming hoax. In 1998 he appeared before Senator Al Gore's committee and said he was 99% certain the earth was warming due to greenhouse gases. Unfortunately, Hansen's U.S. warming forecast for 1990s was too high by 300%! And this is called settled science!

In 1988, the corrupt UN set up the phony scientific panel called the *Intergovernmental Panel on Climate Control* (IPCC). Its purpose was to spread the religion of man-made global warming across the globe, and have people beg for government solution. There was no scientific evidence (then or now) of any significant man-made global warming. They had to create a masterful lie. Sir John Houghton, the first chairman of the UN's IPCC stated, "***Unless we announce disaster, no one will listen!***"

Here is how they succeeded. As a smokescreen, qualified experts in science and climatology were hired to investigate if man has effected the warming of the earth. Here is the summary the scientists wrote for the 1995 IPCC draft report:

1. None of the studies have shown any clear evidence of climate changes due to greenhouse gases.
2. No study has positively attributed any climate change to anthropogenic (man-made) causes
3. Any claims of positive detection of significant climate change are likely to remain controversial until uncertainties in the total natural variability of the climate are reduced.

Although not what the UN wanted, they had a cover scheme in place. They removed all three quotes of scientists, and UN politicians inserted the following *bald-faced lie* in the final 1995 summary report for lawmakers:

“ The balance of evidence suggests a discernible human influence on global climate.”

Wow! Many of the IPCC scientists quit and threatened the UN with a lawsuit in order to have their names removed from the IPCC final report.

Following the 1995 IPCC report, the UN cranked out more IPCC “science” reports in 2001 and '07. The lies, deceit, and sleight-of-hand of the 1995 report were repeated in all the following reports.

By the time of the 2001 IPCC report, the politics and hysteria about global warming had risen to a level that demanded evidence of a human cause. An entire industry had developed around massive funding from the government. The IPCC’s problem was the history found in 500- plus research papers from a wide variety of sources that had confirmed the existence of a period warmer than today (A.D.800 – 1300).....  
*(details are in Part 1)*. The corrupt UN tried to erase this history.

In 1990 the UN, in an unguarded moment of truth, published a truthful chart. Eleven years later, they denied the truth of that chart with a new chart in their 2001 IPCC report.

The new chart became known as the “hockey stick.” The shape of the curve is flat (the handle, showing no temperature rise for the past 1,000 years) followed by a sudden rise in 20<sup>th</sup> century. It was a deal for the UN; the *medieval Climate Optimum* and the *Little Ice Age* vanished and sudden rise in the 20<sup>th</sup> – century temperatures were clearly unnatural. Hence, they preached it must be due to *climate criminals in America and Europe burning fossil fuels!*. Now they could bully people who questioned the global-warming science and introduce draconian legislation to get rid of the evil pollutant CO<sub>2</sub> (as was their intention all along).

However, the UN’s hockey stick was broken in 2007. Scores of reputable scientists protested this fraudulent chart. Two scientists protested, McIntyre and McKittrick, using 1,000 years of proxy data, uncovered the lie. Hearing were held in congress and our national academy of Sciences confirmed the hockey stick chart was a fraudulent chart designed to deceive the public and lawmakers.

The UN’s hoax was uncovered, but a lot of people and legislators still believe it. Why? Because most people are not scientists and they have succumbed to 20 years of propaganda from the media, Al Gore and the UN. General Electric owns NBC. They make money off global warming by selling solar panels and wind mills. Hardly a week goes by with out NBC showing us a shot us of some calving glacier and claiming it is a proof of global warming!

McCain and Obama have pledged to solve this global warming non-problem with trillions of our dollars if they are elected. The first week in June, our senate debated CO<sub>2</sub> cap and trade bill and tossed around cost numbers like \$6 trillion or so. Our “good guy” senators from Oklahoma, Jim Inhofe and Ton Coburn, who know global warming is a hoax, helped to defeat the bill.

The politicians of other countries are making similar promises. MIT professor Dr. Richard Lindzen (probably the world’s best climate scientist and an original member of the IPCC team) has stated, “ ***Controlling carbon is bureaucrat’s dream. If you control carbon you control life!***”. Presently the environmental wackos have control of the “Don’t Drill Democrats” in our congress, and they *are controlling carbon!*. They haven’t authorized drilling off shore or in ANWAR (a bleak tundra), or building nuclear plants and gasoline refineries , or converting our abundant supply of oil shale and coal to oil.

(it became cost effective when oil hit \$40/barrel). During World War II, Germans were converting coal to oil. We discovered the process after Germany was defeated. We are now paying \$4-5/gallon for gasoline, and prices are rising on every thing. We are close to an economic collapse much worse than the Great Depression of the 1930's. So the solution Congress gave us was ethanol, which is a cruel joke. Now we have food shortages.

The environmental wackos and democrats want to starve us of fossil fuel and grind our factories to a halt. If this happens America's wealth and material growth will disappear.

Global warming is a hoax instigated by the U.N. Water vapor is the major greenhouse gas! CO2 is not a pollutant, but a gas of life."
