

PRESENTS

# THE BOOK OF

A Deaf Missions Production

The first feature film featuring an all deaf cast speaking American Sign Language, the heart language of the Deaf.

When: September 28, 2019
Where: Your Church

© 2019 The Oikos Project Presents The Book of Job

#### **Invisible No More!**

The first annual nationwide church movie event for the Deaf featuring the full length feature film The Book of Job. For the first time ever, in a theatrical type of experience, the Deaf can experience a film in their heart language in your church.

The Olkos Project is pleased to present the first annual Invisible No More church movie event. Did you know that there are nearly 7,000,000 deaf people in the United States. Did you also know that they are the most Biblically underserved people group in our country? Did you know that they are also the most social subculture in The United States?

Up until now, the Deaf have not had films produced in their heart language. They watch movies reading caption trying to keep up with what is happening in the movie. At the same time, hearing people get to enjoy the movie without missing parts of having a more full viewing experience.

The Oikos Project has flipped the script! For one night only, your congregation can attend your church with their deaf friends and family. Only this time, something very unusual is going to happen. For 85 minutes your congregation will watch a film with caption, not hearing what is going on. We are crossing cultural lines to bring awareness to what 7,000,000 deaf Americans (and over 60,000,000 deaf world wide) deal with on a daily basis.

This event is designed to build compassion for the Deaf and make them feel loved and welcomed in a way that they have never been served.

Your congregation is invited to play a part in this movie event!

### RESEARCH HAS PROVEN CHURCH MOVIE EVENTS ARE THE #1 WAY TO ATTRACT NEW FACES!

84%

86%

9%

84% of non-churchgoers say they would attend a church movie event with a friend if invited. 86% of churchgoers surveyed would invite a friend to a church movie event rather than a sermon.

Only 9% of those invited to a church to hear a Sunday morning sermon would attend.

Want to attract the Deaf and families of the Deaf to your church?

Offer something exclusive to them that they have never had and you will have new friends for life!

What part will you play?

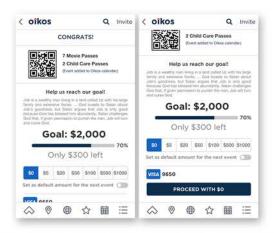

When: September 28, 2019

Where: Your Church Theme: Invisible No More

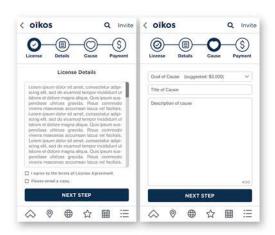

#### **How it Works**

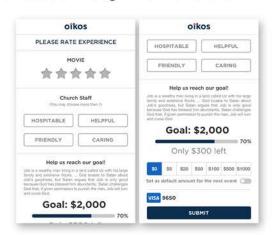

Churches who license The Book of Job movie will have access to download our app starting August 1, 2019.

Congregants can then begin to contribute to the movie event by volunteering for various roles, inviting friends, and making donations to the event fund.

Once the church has downloaded the app, they will then match an internal church fundraising cause to the movie event. Through this process, your church can raise funds for a church cause through the movie event.

After the event, the Oikos app will provide you details on who showed up, amount of revenue produced, and will allow your church representative to contact new attendees.

To get started simply go to www.TheOikosProject.com/BookofJob

#### **About Us**

The Oikos Project is a ministry deploying the latest methods in media and technology with a goal of doubling visitors to the church. By empowering your congregation with media to attract and technology to engage a new generation of believers, the simple result is church growth. Christians want to be engaging in Christianity much more than what the church currently offers. We Christians are a people with a multitude of talents and passions. The Oikos project is here to empower each and every church goer with means to serve Jesus like never before.

We are currently releasing theater quality films to produce powerful fund raising church movie events. Our unique approach empowers church leaders to draw new faces into their local congregations. Movies and movie events are only the beginning. We understand the demand of churchgoers and have answered the call. By partnering with you, the church leader, a few hundred more Christians can be empowered, and a few thousand more local community members can be touched. We look forward to hosting a movie event with your church!

## The Church has overlooked the Deaf. We are changing that!

We care for the Deaf so much that we have produced a film specifically for them! The first annual Invisible No More church movie event is here. The Church is now empowered to celebrate with the Deaf in their heart language.
